

Microbiology Specimen Collection and Transport Guide

Specimen Collection and Transport Overview

Proper specimen collection and transport is critical to accurate laboratory results. This guide provides detailed instructions for collecting and transporting various types of specimens, including blood, urine, sputum, and swabs, to ensure the integrity of the samples and the safety of the laboratory staff.

General Guidelines:

- Always use appropriate personal protective equipment (PPE).
- Label specimens immediately and accurately.
- Use the correct container and transport medium for each specimen type.
- Store and transport specimens at the required temperature.

Blood Specimens:

- Use appropriate anticoagulants for the intended test.
- Collect specimens from a clean, well-vascularized site.
- Store and transport at room temperature.

Urine Specimens:

- Collect a clean-catch, midstream specimen.
- Use a sterile container.
- Store and transport at room temperature.

Sputum Specimens:

- Collect specimens from a deep cough.
- Use a sterile container.
- Store and transport at room temperature.

Swabs:

- Use the appropriate swab type for the specimen source.
- Store and transport at room temperature.

Other Specimens:

- Follow specific collection and transport instructions for each specimen type.

Transportation:

- Use appropriate packaging to prevent leaks and spills.
- Label the outside of the container with the specimen type and patient information.

Storage:

- Store specimens at the required temperature until they can be analyzed.

Quality Control:

- Perform regular quality control checks on all specimens.

Documentation:

- Record all specimen collection and transport details in the laboratory log.

Additional Information:

- For more detailed information, refer to the laboratory manual.

Specimen Collection and Transport Overview

This section provides a comprehensive overview of the specimen collection and transport process, including the importance of proper technique and the potential consequences of errors.
