1. Enumerate, describe, and prioritize each set of stakeholders for a project.
2. Tell how to build project relationships and why they are important for communications.
3. Enumerate each section of a project communications plan and describe the role each plays.
4. Develop a project communications management plan for a real project.
5. Plan, conduct, and improve project meetings.
6. Describe communication challenges of virtual and global project teams.

TEACHING STRATEGIES

Using this or another instrument like StrengthsFinders from Gallup can give the students more understanding of themselves, their team, and their stakeholders. Students may enjoy creating their own profiles now
