Calculus Ron Larson, 2014

Calculus I Bruce H. Edwards, Ron Larson, Hosletter, 2005-01-20

Ideal for the single variable one calculus course

Calculus I 8 e contains the first 6 chapters of Calculus 8 e

The text continues to offer instructors and students new and innovative teaching and learning resources

The Calculus series was the first to use computer generated graphics

Third Edition to include exercises involving the use of computers and graphing calculators

Fourth Edition to be available in an interactive CD ROM format

Fifth Edition to be offered as a complete online calculus course

Sixth Edition and to offer a two semester Calculus I with Precalculus text

Every edition of the book has made the mastery of traditional calculus skills a priority while embracing the best features of new technology and when appropriate calculus reform ideas

Now the Eighth Edition is the first calculus program to offer algorithmic homework and testing created in Maple so that answers can be evaluated with complete mathematical accuracy

Two primary objectives guided the authors in writing this book to develop precise readable materials for students that clearly define and demonstrate concepts and rules of calculus and to design comprehensive teaching resources for instructors that employ proven pedagogical techniques and saves the instructor time

The Eighth Edition continues to provide an evolving range of conceptual technological and creative tools that enable instructors to teach the way they want to teach and students to learn they way they learn best

The Larson program offers a variety of options to address the needs of any calculus course and any level of calculus student enabling the greatest number of students to succeed

The explanations theorems and definitions have been thoroughly and critically reviewed

When necessary changes have been made to ensure that the text is pedagogically sound mathematically precise and comprehensible

The exercise sets have been carefully and extensively examined to ensure they cover all calculus topics appropriately

Many new exercises have been added at the suggestion of a number of calculus instructors

A variety of exercise types are included in each exercise set

Questions involving skills writing critical thinking problem solving applications and real data applications are included throughout the text

Exercises are presented in a variety of question formats including matching free response true false modeling and fill in the blank

The Eduspace online resources have been integrated into a comprehensive learning system that combines numerous dynamic calculus resources with online homework and testing materials

The Integrated Learning System addresses the changing needs of today s instructors and students

Recognizing that the calculus course is presented in a variety of teaching and learning environments the program resources are available in print CD ROM and online formats

Eduspace powered by Blackboard provides instructors with online courses and content in multiple disciplines

By pairing the widely recognized tools of Blackboard with quality text specific content from Houghton Mifflin HMcO Eduspace makes it easy for instructors to create all or part of a course online

Homework exercises quizzes tests tutorials and supplemental study materials all come ready to use

Instructors can choose to use the content as is modify it or even add their own

Eduspace with eSolutions combines all the features of Eduspace with an

electronic version of the textbook exercises and the complete solutions to the odd numbered text exercises providing students with a convenient and comprehensive way to do homework and view the course materials SMARTHINKING online tutoring brings students real time online tutorial support when they need it most
