**The Moment of Change** N. Strobach, 2013-03-09 This book is a systematic history of one of the oldest problems in the philosophy of space and time How is the change from one state to its opposite to be described To my knowledge it is the first comprehensive book providing information about and analysis of texts on this topic throughout the ages The target audience I envisaged are advanced students and scholars of analytic philosophy and the history of philosophy who are interested in the philosophy of space and time Authors treated in this book range from Plato Aristotle the logicians of the late Middle Ages Kant Brentano and Russell to contemporary authors such as Chisholm Hamblin Sorabji or Graham Priest taking into account such theories as interval semantics or paraconsistent logic For the first time two main questions about the moment of change are explicitly kept apart Which if any of the opposite states does the moment of change belong to And does it contain an instantaneous event The texts are discussed within a clear framework of the main systematic options for describing the moment of change sometimes using predicate logic extended by newly introduced logical prefixes The last part contains a new suggestion of how to solve the problem of the moment of change It is centred around a theory of instantaneous states which provides a new solution to Zeno's Flying Arrow Paradox

*Political Marketing:* Wojciech Cwalina, Andrzej Falkowski, Bruce I. Newman, 2015-01-28 Comprehensive and clearly organized this is the first integrated theory to practice text on marketing's role in the political process It incorporates insights and concepts drawn from the disciplines of Marketing Psychology and Political Science and covers every aspect of marketing's infiltration into politics including campaign strategy market segmentation and media strategy Using examples and models drawn from countries around the globe the authors elucidate the importance of political marketing techniques for the stability of democratic

institutions They also note the potential threats to democracy especially the use of marketing techniques to manipulate voters at the subconscious level They conclude with a set of normative do s and dont s for political marketing practice that strengthens civic education and democratic governance *Book Chat* William George Jordan,Adr Schade van Westrum,1886
