Minh Hoang Pham, 2019-09-07. Metro Exodus is a first person story driven shooter based on the Metro novels by Dmitry Glukhovsky. In fact, the story for Metro Exodus was co-developed in collaboration with Glukhovsky. In keeping with its novel origins, the game is divided into a series of chapters with diary entries by the lead character Artyom that recap what just happened and set the tone for what's to come. Do I need to play the previous Metro games? This always comes down to personal preference, but the game does a good job at introducing newcomers to the game as the entire adventure is set in post-apocalyptic Russia and focused on Artyom seeking out a life beyond the Metro, something many of his peers don't even believe exists. Mechanically, you are constantly given on-screen prompts for how to execute the next task.
