**Bulletin - Bureau of Education** United States. Bureau of Education, 1912      **Parliamentary Papers** Great Britain. Parliament. House of Commons, 1920      *Crossing Borders, Writing Texts, Being Evaluated* Anne Golden, Lars Anders Kulbrandstad, Lawrence Jun Zhang, 2021-12-14 This book provides critical perspectives on issues relating to writing norms and assessment as well as writing proficiency development and suggests that scholars need to both carefully examine testing regimes and develop research informed perspectives on tests and testing practices In this way schools institutions of adult education and universities can better prepare learners with differing cultural experiences to meet the challenges The book brings together empirical studies from diverse geographical contexts to address the crossing of literacy borders with a focus on academic genres and practices Most of the studies examine writing in countries where the norms and expectations are different but some focus on writing in a new discourse community set in a new discipline The chapters shed light on commonalities and differences between these two situations with respect to the expectations and evaluations facing the writers They also consider the extent to which the norms that the writers bring with them from their educational backgrounds and own cultures are compromised in order to succeed in the new educational settings      *Bulletin*, 1912
