A pair of blue sneakers with white laces sits on a white, reflective floor. The floor is covered in numerous red splatters and streaks, suggesting a violent or chaotic scene. The sneakers are positioned as if they are the only things left standing. The text "it's only pretend" is written in a white, handwritten font across the floor in front of the shoes.

Only Pretend English Edition:

The Oxford Guide to Literature in English Translation Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available

The Dao of Translation Douglas Robinson, 2015-06-12 The Dao of Translation sets up an East West dialogue on the nature of language and translation and specifically on the unknown forces that shape the act of translation To that end it mobilizes two radically different readings of the Daodejing formerly romanized as the Tao Te Ching the traditional mystical reading according to which the Dao is a mysterious force that cannot be known and a more recent reading put forward by Sinologists Roger T. Ames and David L. Hall to the effect that the Dao is simply the way things happen Key to Ames and Hall's reading is that what makes the Dao seem both powerful and mysterious is that it channels habit into action or what the author calls social ecologies or icoses The author puts Daoism and ancient Confucianism into dialogue with nineteenth century Western theorists of the sign Charles Sanders Peirce and Ferdinand de Saussure and their followers in order to develop an iconic understanding of the tensions between habit and surprise in the activity of translating The Dao of Translation will interest linguists and translation scholars This book will also engage researchers of ancient Chinese philosophy and provide Western scholars with a thought provoking cross examination of Eastern and Western perspectives

Africa's Political Wastelands: The Bastardization of Cameroon Fru Doh, 2008-09-15 Africa's Political Wastelands explores and confirms the fact that because of irresponsible corrupt selfish and unpatriotic kleptocrats parading as leaders the ultimate breakdown of order has become the norm in African nations especially those south of the Sahara The result is the virtual annihilation of once thriving and proud nations along with the citizenry who are transformed into wretches vagrants and in the extreme refugees Doh uses Cameroon as an exemplary microcosm to make this point while still holding imperialist ambitions largely responsible for the status quo in Africa Ultimately in the hope of jumpstarting the process he makes pertinent suggestions on turning the tide on the continent
