Interviewing For Social Scientists:

Interviewing for Social Scientists Hilary Arksey, Peter T Knight, 1999-10-25 This is an excellent book It will be required reading on my methods courses Nigel Fielding University of Surrey Students at postgraduate and increasingly at undergraduate level are required to undertake research projects and interviewing is the most frequently used research method This book provides a comprehensive and authoritative introduction to interviewing It covers all the issues that arise in interview work theories of interviewing design application and interpretation Richly illustrated with relevant examples each chapter includes handy statements of advantages and disadvantages of the approaches discussed [Interviewing for Social Scientists](#) Hilary Arksey, 1999

Interviewing in Social Science Research Lee Ann Fujii, 2017-07-28 What is interviewing and when is this method useful What does it mean to select rather than sample interviewees Once the researcher has found people to interview how does she build a working relationship with her interviewees What should the dynamics of talking and listening in interviews be How do researchers begin to analyze the narrative data generated through interviews Lee Ann Fujii explores the answers to these inquiries in *Interviewing in Social Science Research* the latest entry in the Routledge Series on Interpretive Methods This short highly readable book explores an interpretive approach to interviewing for purposes of social science research Using an interpretive methodology the book examines interviewing as a relational enterprise As a relational undertaking interviewing is more akin to a two way dialogue than a one way interrogation Fujii examines the methodological foundations for a relational approach to interviewing while at the same time covering many of the practical nuts and bolts of relational interviewing Examples come from the author's experiences conducting interviews in Bosnia Rwanda and the United States and from relevant literatures across a variety of social scientific disciplines Appendices to the book contain specific tips and suggestions for relational interviewing in addition to interview excerpts that give readers a sense of how relational interviews unfold This book will be of great value to graduate students and researchers from across the social sciences who are considering or planning to use interviews in their research and can be easily used by academics for teaching courses or workshops in social science methods *Interviewing as Qualitative Research* Irving Seidman, 2006 The Third Edition of this bestselling resource provides clear step by step guidance for new and experienced interviewers to help them develop shape and reflect on interviewing as a qualitative research process While proposing a phenomenological approach to in depth interviewing the author also includes principles and methods that can be adapted to a range of interviewing approaches Using concrete examples of interviewing techniques to illustrate the issues under discussion this classic text helps readers to understand the complexities of interviewing and its connections to broader issues of qualitative research Equally popular for individual and classroom use the new Third Edition of *Interviewing as Qualitative Research* features an introduction to the Institutional Review Board IRB process in its historical context including an expanded discussion of informed consent and its complexities a special attention to the rights of

participants in interview research as those rights interact with ethical issues and updated references and suggestions for additional reading for a deeper consideration of methodological ethical and philosophical issues including relevant Internet resources [Social Science Abstracts](#) ,1930 **Handbook of Interview Research** Jaber F. Gubrium,James A. Holstein,2002 The Handbook of Interview Research is the most ambitious attempt yet at examining the place of the interview in contemporary society Interviewing is the predominant mode of research in the social sciences It s also the stock in trade of information seekers in organizations and institutions of all kinds as well as in the mass media Across the board interviews provide today s leading window on the world of experience The Handbook offers a comprehensive examination of the interview at the cutting edge of information technology Drawing upon leading experts from a wide range of professional disciplines this book addresses conceptual and technical challenges that confront both academic researchers and interviewers with more applied goals From interview theory to the nuts and bolts of the interview process the coverage is impressively broad and authoritative The Handbook of Interview Research is both encyclopedic and thematic As an encyclopedia it provides extensive discussions of the methodological issues now surrounding interview practice offering a multi faceted assessment of what has become the method of choice for obtaining personal information in today s society But the Handbook also is a story which spins a particular tale of interviewing one that moves from the commonly recognized individual interview to what is called the interview society The gist of the presentation is that we can no longer regard the interview as simply an instrument for gathering data but must now also view it an integral part of society [Annual Report - Social Science Research Council](#) Social Science Research Council (U.S.),1927 **Annals of the American Academy of Political and Social Science** ,1925 [Annual Report of the Chairman - Social Science Research Council](#) Social Science Research Council (U.S.),1927 *Social Science Series* ,1929 **The Annals of the American Academy of Political and Social Science** American Academy of Political and Social Science,1929 [Sociologies in Dialogue](#) Sari Hanafi,Chin-Chun Yi,2020-07-21 Sociologies in Dialogue brings together expert contributions from international scholars who reflect on the importance of collaboration between diverse sociological perspectives to enhance our understanding of the role of sociology as an academic discipline and as a vehicle for social change By exploring the distinctive practices and research of a range of sociologists the book shows how an open dialogue between sociologists is critical to addressing major sociological issues across the globe such as inequality and ethnocentrism and challenging the hierarchies of knowledge production and circulation Contributors also discuss novel strands in theory and methodology such as multicultural sociology cosmopolitanism and multiple modernities An important contribution for researchers and students interested in global sociology sociological theories and methodologies [Reflective Interviewing](#) Kathryn Roulston,2010-01-21 Qualitative researchers have long made use of many different interview forms Yet for novice researchers making the connections between theory and method is not always easy This book provides a theoretically informed guide for researchers learning

how to interview in the social sciences In order to undertake quality research using qualitative interviews a researcher must be able to theorize the application of interviews to investigate research problems in social science research As part of this process researchers examine their subject positions in relation to participants and examine their interview interactions systematically to inform research design This book provides a practical approach to interviewing helping researchers to learn about themselves as interviewers in ways that will inform the design conduct analysis and representation of interview data The author takes the reader through the practicalities of designing and conducting an interview study and relates various forms of interview to different underlying epistemological assumptions about how knowledge is produced The book concludes with practical advice and perspectives from experienced researchers who use interviews as a method of data generation This book is written for a multidisciplinary audience of students of qualitative research methods

The Southwestern Social Science Quarterly ,1929 **The Southwestern Political and Social Science Quarterly** ,1929 *Recording Oral History* Valerie Raleigh Yow,1994-02-14 With extensive examples from both historical and social science literature this book is a practical guide to methods of recording oral history The author provides suggestions on a range of techniques from developing a written interview guide and using tape recorders to asking probing questions during in depth interviews and editing transcriptions She also covers the ethical and legal issues involved in conducting life history interviews and elaborates on three different types of oral history projects community studies biographies and family histories

International Index to Periodicals ,1929 Research Methods and Teachers Problems Douglas Waples ,1930

Catalog of the Communications Library, University of Illinois University of Illinois at Urbana-Champaign. Library,1975 **Southwestern Political and Social Science Quarterly** ,1929
