[Entranced by Story](#) Hugh Crago,2014-04-24 We live in a world of stories yet few of us pause to ask what stories actually are why we consume them so avidly and what they do for story makers and their audiences This book focuses on the experiences that good stories generate feelings of purposeful involvement elevation temporary loss of self vicarious emotion and relief of tension The author examines what drives writers to create stories and why readers fall under their spell why some children grow up to be writers and how the capacity for creating and comprehending stories develops from infancy right through into old age Entranced by Story applies recent research on brain function to literary examples ranging from the Iliad and

Wuthering Heights to Harold and the Purple Crayon providing a groundbreaking exploration of the biological and neurological basis of the literary experience Blending research theory and biographical anecdote the author shows how it is the unique structure of the human brain with its layering of sophisticated cognitive capacities upon archaic emotion driven functions which best explains the mystery of story

Adopting the Song of Term: An Psychological Symphony within **Pepsi Cola Addict**

In a global consumed by displays and the ceaseless chatter of fast conversation, the melodic elegance and mental symphony created by the written term usually diminish in to the background, eclipsed by the relentless sound and disruptions that permeate our lives. Nevertheless, set within the pages of **Pepsi Cola Addict** an enchanting fictional value full of raw emotions, lies an immersive symphony waiting to be embraced. Constructed by an outstanding musician of language, that charming masterpiece conducts readers on a mental trip, well unraveling the concealed songs and profound impact resonating within each cautiously constructed phrase. Within the depths of the emotional examination, we will explore the book is main harmonies, analyze its enthralling writing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
