Mokal Law Notes

IM Harris

Mokal Law Notes:

International Insolvency Law Professor Paul Omar,2013-02-28 International insolvency is a newly established branch of the study of insolvency that owes much to the phenomenon of cross border incorporations and conduct of business in more than one jurisdiction It is largely an offspring of globalization Paul Omar examines the development of domestic rules dealing with cross border instances and the many international projects in the field **Current Law Index** ,2007 **Law in the Muslim World** Julius V. Szentendrey,1981 [The Future of Cross-Border Insolvency](#) Irit Mevorach,2018-03-01 A fresh and insightful guide to post financial crisis cross border insolvency this book interrogates the current regime and sets out a framework for improving its future In recent decades and especially since the global financial crisis a number of important initiatives have focused on developing the mechanisms for managing the insolvency of multinational enterprises and financial institutions The book considers the effectiveness of the current system and identifies the gaps that could be bridged by adopting certain strategies and tools to improve the system further The book first discusses the theoretical debate regarding cross border insolvency and surveys the strengths and weaknesses of the prevailing method modified universalism in its application to both commercial entities and financial institutions consequently identifying a single set of emerging norms The book argues that adhering to these norms more robustly would enhance global welfare and produce the best outcomes for businesses and institutions By drawing upon sources from international law as well as behavioural and economic theory the book offers a blueprint for meeting the demands of future cross border insolvencies It considers how to translate modified universalism into binding international law and how to choose the right instrument for cross border insolvency as well as the impact that instrument design has on decisions and choices It explores how to encourage compliance and proposes mechanisms that could potentially overcome or at least take into account behavioural biases in decision making [Pakistan Annual Law Digest](#) ,1995 *National Union Catalog* ,1981 **The Bombay Law Reporter** ,1921 *Corporate Insolvency Law* Vanessa Finch,2002-09-12 Vanessa Finch provides an interesting look at corporate insolvency laws and processes She adopts an interdisciplinary approach to place two questions at the centre of her discussion Are current UK laws and procedures efficient expert accountable and fair Are fundamentally different conceptions of insolvency law needed for it to develop in a way that serves corporate and broader social ends Topics considered in this wide ranging book include different ways of financing companies causes of corporate failure and prospects for designing rescue friendly processes Also examined are alternative asset distribution of failed companies allocations of insolvency risks and effects of insolvency on a company s directors and employees Finch argues that changes of approach are needed if insolvency law is to develop with coherence and purpose This book will appeal to academics and students at advanced undergraduate and graduate level and to legal practitioners throughout the common law world **Lloyd's Maritime and Commercial Law Quarterly** Lloyd's (Firm),2005 **To Protect Their Interests** Stephen J. Lubben,2026-01-22 Chapter 11 corporate bankruptcy proceedings

are commonly thought of as a tool to protect the broader economy from the failure of large firms even though the biggest players reap the greatest rewards In the conventional telling modern corporate reorganization began in the 1890s with J P Morgan leading a noble effort to protect bondholders from the depredations of corporate insiders What does this story leave out and how do the true origins of bankruptcy law shed light on its present day uses and abuses To Protect Their Interests is a groundbreaking historical account of how corporate bankruptcy became what it is today a forum for battles between well heeled insiders Stephen J Lubben strips away the myths surrounding the history of corporate restructuring showing that it emerged a decade before Morgan when the robber baron Jay Gould strove to keep control of his railroad by working out a compromise with a handful of wealthy investors The 1885 restructuring of Texas and Pacific Railway set the pattern for future corporate reorganizations insider dealing elite manipulation of the legal system and judicial deference Lubben traces the evolution of the bankruptcy system through a series of major cases involving companies such as W T Grant and Toys R Us demonstrating that it has always been a way for the powerful to maintain power Revealing the sordid origins of bankruptcy law this book also considers the limited prospects for reform *Accessions List, Pakistan American Libraries Book Procurement Center, Karachi, 1979*

Security Rights in Intellectual Property Eva-Maria Kieninger, 2020-06-11 This book discusses the main legal and economic challenges to the creation and enforcement of security rights in intellectual property and explores possible avenues of reform such as more specific rules for security in IP rights and better coordination between intellectual property law and secured transactions law In the context of business financing intellectual property rights are still only reluctantly used as collateral and on a small scale If they are used at all it is mostly done in the form of a floating charge or some other all asset security right The only sector in which security rights in intellectual property play a major role at least in some jurisdictions is the financing of movies On the other hand it is virtually undisputed that security rights in intellectual property could be economically valuable or even crucial for small and medium sized enterprises especially for start ups which are often very innovative and creative but have limited access to corporate financing and must rely on capital markets securitization capital market Therefore they need to secure bank loans yet lack their own traditional collateral such as land

Accessions List, Pakistan Library of Congress. Library of Congress Office, Karachi, 1979 Part 2 of July issue 1967 70 is Annual list of serials *Pakistan Labour Cases*, 1993

Minority Religions under Irish Law Kathryn O'Sullivan, 2019-05-07 Minority Religions under Irish Law focuses the spotlight specifically on the legal protections afforded in Ireland to minority religions generally and to the Muslim community in particular Although predominantly focused on the Irish context the book also boasts contributions from leading international academics considering questions of broader global importance such as how to create an inclusive environment for minority religions and how to regulate religious tribunals best Reflecting on issues as diverse as the right to education marriage recognition Islamic finance and employment equality Minority Religions under Irish Law provides a comprehensive and fresh look at the legal space occupied

by many rapidly growing minority religions in Ireland with a special focus on the Muslim community Military Law Reporter ,1991 **Secured Credit in Europe** Teemu Juutilainen,2018-03-22 Winner of the 2016 2018 KG Idman Prize This monograph seeks the optimal way to promote compatibility between systems of proprietary security rights in Europe focusing on security rights over tangible movables and receivables Based on comparative research it proposes how best to tackle cross border problems impeding trade and finance notably uncertainty of enforceability and unexpected loss of security rights It offers an extensive analysis of the academic literature of more recent years that has appeared in English German the Scandinavian languages and Finnish The author organises the concrete means of promoting compatibility into a centralised substantive approach a centralised conflicts approach a local conflicts approach and a local substantive approach The centralised approaches develop EU law and the local approaches Member State laws The substantive approaches unify or harmonise substantive law while the conflicts approaches rely on private international law The author proposes determining the optimal way to promote compatibility by objective based division of labour between the four approaches The objectives developed for that purpose are derived from the economic functions of security rights the conditions for legal evolution and a transnational conception of justice This book is an important contribution to the future of secured transactions law in Europe and more widely It will be of interest to academics policymakers and legal practitioners involved in this field **Index to Legal Periodicals & Books** ,2005 **Books from Pakistan Published During the Decade of Reforms, 1958-1968. Supplement** National Centre of Pakistan,1974 Books from Pakistan National Book Centre of Pakistan,1974
