Nazi dictator Adolf Hitler who once boasted "What luck for rulers that men do not think!" Those who develop the process of good thinking can rule themselves even while under an oppressive ruler or in other difficult circumstances. In short, good thinkers are successful. I've studied successful people for forty years and though the diversity you find among them is astounding, I've found that they are all alike in one way: how they think. That is the one thing that separates successful people from unsuccessful ones. And here's the good news: How successful people think can be learned. If you change your thinking, you can change your life.
