**Evaluating Students by Classroom Observation** Richard J. Stiggins, 1984 This book offers an overview of performance assessment the observation and subjective rating of student behavior and products as a method for evaluating day to day student learning Stiggins divides performance assessment into reasons for the assessment the task that requires performance the behaviors or product evaluated and the rating or method used to judge the student s performance A how to book rather than a description of instruments available to teachers it provides ways to design a performance test giving options helpful hints guidelines and a checklist for quality control An appendix rounds out this brief 32 page booklet

which should give confidence to classroom teachers interested in designing their own performance assessments Pasaa,1993 **Practice Teaching** Association for Childhood Education. Committee on teacher-training,1930 Effective Teaching Methods Gary D. Borich,2007 The goal of this text is to prepare prospective teachers to meet the challenges of today's changing classrooms by providing effective practical research based practices in an accessible conversational style Material is based on a quarter century of actual in classroom research that makes it possible to replace anecdotal suggestions for good teaching with solidly research grounded strategies empirically related to positive outcomes
