Environmental Science And Engineering Henry Heinke:

Environmental Science and Engineering Henry J. Glynn, Gary W. Heinke, 1989 Environmental Science and Engineering J. Glynn Henry, 1996 An Introduction to Industrial Chemistry C.A. Heaton, 2012-12-06 to the Third Edition

Following the success of the first two editions of this book in which the core subject matter has been retained we have taken the opportunity to add substantial new material including an additional chapter on that most important activity of the chemical industry research and development Topical items such as quality safety and environmental issues also receive enhanced coverage The team of authors for this edition comprises both those revising and updating their chapters and some new ones The latter's different approach to the subject matter is reflected in the new titles Organizational Structures A Story of Evolution chapter 5 and Environmental Impact of the Chemical Industry chapter 9 The chapter on Energy retains its original title but different approach of the new authors is evident We have updated statistics and tables wherever possible and expanded the index We hope readers find the brief pen pictures of authors to be interesting It is worth stressing again that this book is designed to be used with its companion volume The Chemical Industry 2nd Edition ed Alan Heaton referred to as Volume 2 for a complete introduction to the chemical industry Thanks are due to all contributors and to my wife Joy for typing my contributions
