

# ENLIGHTENMENT THINKER QUOTE MATCH

Hobbes

Locke

Montesquieu

Beccaria

Voltaire

Quote #	Enlightenment Figure Name	Explain how the excerpt or quote matches or represents the enlightenment thinker's ideas.
1 Example	John Locke	Our founding fathers copied his ideas of natural rights, life, liberty, and property. We changed it to the pursuit of happiness in our Declaration of Independence.
2	Cesare Beccaria	Beccaria believed that those who are accused of crimes should be given a fair and speedy trial.
3	Voltaire	Voltaire strongly believed that freedom of thought and expressions are the only way to fight oppression.
4	Montesquieu	Believed that power should be split because too much power given to one person will lead to tyranny.
5	Voltaire	Voltaire felt that there shouldn't be an established religion because people should believe in religion in their own way.
6	Cesare Beccaria	Felt everyone was unguilty until proven otherwise.
7	John Locke	Felt that government was determined by the people and if they don't respect that then they can be overthrown.
8	Montesquieu	Montesquieu feels that each branch of government should check the other branches with the system of checks and balances.
9	John Locke	A government should protect people's natural rights and those shouldn't be taken away without due process.
10	Thomas Hobbes	Hobbes felt that people were born cruel, selfish, and greedy.
11	Voltaire	A direct quote from Voltaire that matched his ideals.

## Enlightenment Thinker Quote Match Activity:

**A History of Management Thought** Morgen Witzel, 2016-12-16 Of all the sciences and social sciences management is the one that most deliberately turns its back on the past Yet management as we know it today did not spring into life fully formed Management has more than just a present it also has a past and a future and all three are inextricably linked This book charts the evolution of management as an intellectual discipline from ancient times to the present day Contemporary management challenges including sustainability technology and data and legitimacy are analysed through an historical lens and with the benefit of new case studies The author helps readers understand how the evolution of management ideas has interacted with changes in society By framing management's history as one of challenge and response this new edition is the perfect accompaniment for students and scholars seeking meaningful study in the business school and beyond Essential reading as a core textbook in management history the book is also valuable supplementary reading across the humanities and social sciences

**Journal of a Dissenter** Chris Wright, 2025-01-20 This is a lengthy intellectual journal by a political radical that ranges over a variety of subjects such as Marxism capitalism history many schools of modern philosophy psychology economics and contemporary American politics It also includes quite a few personal passages but I've kept those only because they express common experiences and youthful psychological tendencies Its most useful content for students might be its many summaries of good historical and scientific scholarship especially in the journal's second half Ultimately the document is a fairly comprehensive expression of a particular society as refracted through an inquisitive and critical mind from the ages of 15 to 44

*Bulletin of the Atomic Scientists*, 1972-09 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world

**International Handbook of Research in Arts Education** Liora Bresler, 2007-01-26 Providing a distillation of knowledge in the various disciplines of arts education dance drama music literature and poetry and visual arts this essential handbook synthesizes existing research literature reflects on the past and contributes to shaping the future of the respective and integrated disciplines of arts education While research can at times seem distant from practice the Handbook aims to maintain connection with the live practice of art and of education capturing the vibrancy and best thinking in the field of theory and practice The Handbook is organized into 13 sections each focusing on a major area or issue in arts education research
