Course Description

This course is a survey of global patterns of resources, population, culture, and economic systems. Emphasis is placed upon the factors contributing to these patterns and the distinctions between the technologically advanced and less advanced regions of the world.

Note: GEOG 1101 satisfies one of Kennesaw State University's general education program requirements. It addresses the Area E4: Social Sciences general education learning outcome(s). The learning outcome states: Social Sciences: Students analyze the complexity of how historical, economic, and political relationships develop, persist, or change. For more information about KSU's General Education program requirements and associated learning outcomes, please visit http://catalog.kennesaw.edu/preview_program.php?catoid=29&poid=3434

Note: After completing GEOG 1101, consider the variety of upper-division regional and systematic geography courses, many of which may be taken as upper-division electives in a variety of majors, and are also part of the BA in Geography (has both a fully online option and a traditional face-to-face option), BS in Geospatial Sciences, and Minor in Geography. Learn more about Department of Geography & Anthropology degree, major, minor, and certificate programs at: <https://chss.kennesaw.edu/geoanth/>

Course Objectives/Goals/Learning Outcomes

Successful completion of this course will provide the following learning outcomes. Students will be able to:

1. Identify, describe, and compare the basic patterns related to and the diversity of the environment, culture, population, economic, urban, and political geography found globally and locally through the usage, interpretation, and analysis of data represented on maps.
2. Apply knowledge of basic geographic processes and concepts to the study of the themes of population, culture, environment, development, and economy.
3. Identify, describe, and analyze current events related to the thematic study of topics such as population, culture, economy, environment, and development.
4. Compare and contrast global patterns and broad geographical concepts and how these patterns affect environments and people at the local level, whether in a foreign landscape or their home culture.
