Profit Split Method Overview And Practical Issues:

The Future of the Profit Split Method Gabriella Cappelleri, Robert Danon, Vikram Chand, 2020-11-23 The Future of the Profit Split Method Edited by Robert Danon Guglielmo Maisto Vikram Chand uncertainties and outcomes potentially not aligned with the arm's length standard possible role of assessments made by the European Commission on State aid nexus with the work done by the EU Joint Transfer Pricing Forum impact of profit split on indirect taxes VAT customs tax excise tax and application to digital business models and in general to the digitalized economy Moreover relevant experience of applying this method in France Germany Italy Spain Switzerland the United Kingdom and the United States is provided A concluding chapter also deals with selected industry experiences Due to a high level of uncertainty in alignment with international guidance in the application of the PSM and to the underdeveloped nature of current literature on the subject there is a need for this book because both tax administrations and taxpayers going forward will apply the PSM extensively The book is highly relevant for policymakers tax administrations practitioners and academics engaged in the areas of international taxation transfer pricing and tax policy

Transfer Pricing Theory & Practice Hari Om Jindal, Surya Jindal, 2020

Guide to International Transfer Pricing Dr A. Michael Heimert, T.J. Michaelson, 2018-10-26 The pricing of goods services intangible property and financial instruments within a multi divisional organization particularly in regard to cross border transactions has emerged as one of the most contentious areas of international tax law This is due in no small measure to the rise of transfer pricing regulations as governments seek to stem the flow of their tax revenue from their jurisdictions This thoroughly practical work provides guidance on an array of critical transfer pricing issues The guide's relevance is further enhanced by the inclusion of country chapters covering domestic transfer pricing issues in a variety of key national jurisdictions

Fundamental Issues and Practical Problems in Tax Treaty Interpretation Michael Schilcher, Patrick Weninger, 2008 This volume deals in Part I with general principles of tax treaty interpretation including many general issues of international law and especially treaty law Part II is dedicated to specific tax treaty provisions that trigger particularly interesting interpretation questions Part III is concerned with situations in which states disagree on the interpretation of tax treaties

The DEMPE Concept and Intangibles Karol Dziwinski, 2022-06-06 Under the widely applied rules of the OECD Transfer Pricing Guidelines allocation of the returns from the exploitation of intellectual property should be shared among all entities that contribute towards the profit generating value of an intangible This important book in its detailed treatment of compliance with this principle known as DEMPE development enhancement maintenance protection and exploitation describes exactly how both taxpayers and tax authorities can achieve an accurate assessment of transactions in order to arrive at an appropriate transfer pricing outcome Analysing the legal economic and business management aspects of multinational enterprises activities the book provides a comprehensive understanding of the DEMPE concept both in theory and in practice Fully covered are such issues and topics as the following role of the DEMPE concept within the

framework of international tax law and transfer pricing interplay of the DEMPE concept with the arm's length principle full description of each DEMPE function and analysis in the light of possible tax and transfer pricing consequences modes of application of the DEMPE concept which can be directly implemented in practice and additional tools e.g. value chain analysis or RACI matrix useful in applying the DEMPE concept The book also provides the first in depth analysis of the interplay between the DEMPE concept and the licence model in its various structural variations Taking into account that intangibles amount to 84% of the market value of the S P 500 companies and that over 80% of global trade transactions can be linked to value chains of multinational enterprises and recognizing the scarcity of guidance heretofore on the application of the DEMPE concept tax advisors corporate counsels tax authorities and academics around the world are sure to appreciate and benefit greatly from this matchless and practical book
