Disney Stories Newton Lee, Krystina Madej, 2012-04-26 *Disney Stories Getting to Digital* explores how Disney the man and the company used technological innovation to create characters and stories that engage audiences in many different media in particular in Video Games and on the Internet Drawing on Disney films from the twenties and thirties as well as the writings of historians screenwriters and producers *Disney Stories Getting to Digital* explains how new film and animation techniques many developed by Disney worked together to evolve character and content development and produce entertaining stories that riveted audiences Through an insider s perspective of Disney s legendary creation process the book closely examines how the Disney Company moved its stories into the digital world in the 1990s and the virtual online communities of the 2000s By embracing the digital era Disney led storytelling and technological innovation by granting their audience the unique opportunity to take part in their creation process through their online games including *The Lion King Animated Story Book* *Disney Blast* and *Toontown* *Disney Stories Getting to Digital* is intended for Disney fans and current practitioners looking to study the creation process of one of the most famous animation studios in existence Professors teaching courses in new media animation and interactive storytelling will also find this book a valuable asset *Focus On: 100 Most Popular Fictional African-American People* Wikipedia contributors, **Lost**, **e-Pedia: Captain America: Civil War** Contributors, Wikipedia, 2017-02-11 This carefully crafted ebook is formatted for your eReader with a functional and detailed table of contents *Captain America Civil War* is a 2016 American superhero film based on the Marvel Comics character Captain America produced by Marvel Studios and distributed by Walt Disney Studios Motion Pictures It is the sequel to 2011 s *Captain America The First Avenger* and 2014 s *Captain America The Winter Soldier* and the thirteenth film of the Marvel Cinematic Universe MCU The film is directed by Anthony and Joe Russo with a screenplay by Christopher Markus Stephen McFeely and features an ensemble cast including Chris Evans Robert Downey Jr Scarlett Johansson Sebastian Stan Anthony Mackie Don Cheadle Jeremy Renner Chadwick Boseman Paul Bettany Elizabeth Olsen Paul Rudd Emily VanCamp Tom Holland Frank Grillo William Hurt and Daniel Brühl In *Captain America Civil War* disagreement over international oversight of the Avengers fractures them into opposing factions one led by Steve Rogers and the other by Tony Stark This book has been derived from Wikipedia it contains the entire text of the title Wikipedia article the entire text of all the 634 related linked Wikipedia articles to the title article This book does not contain illustrations [Representation of Disability in Children's Video Games](#) Krystina Madej, 2024-01-10 *Representation of Disability in Children s Video Games* looks at how children s engagement with characters and stories in video games helps create the perception of disability they have as teens and adults Drawing on child development theory supported by neuroscience the book shows how the scaffold of information the schema adults have of disability is first created at a very young age as they interact through play with characters with disabilities in narrative video games Positing that early video game play experiences should provide exposure

to narrative schemas that add understanding and help create meaning about the disability represented the book presents how such representation in children s video games maps against cognitive development and the psychomotor and cognitive needs and abilities of children 3 12 Through close readings of over 40 PEGI 3 and PEGI 7 ESRB E 10 games and analysis of games as diverse as Backyard Baseball and Sly Cooper the author defines broad categories of representation representation as cosmetic providing exposure but not game play utility as incidental used as a device that provides purpose for the narrative or as more authentically representing the disability as integral to the character and their life The book provides readers with an overview of contemporary games that betters their understanding of how children s games present disability and how children create their perceptions through interaction with characters and stories This book will be of interest to academics and students of game studies in topics such as behavioural science ethics and HCI as well as in sociology communications and digital media It is pertinent in particular to game developers and to educators disability advocates parents and policy makers

Corporate Risks and Leadership Eduardo E. Mariscotti, 2025-04-24 The context of business has been changing for companies in recent years and following numerous corporate and accounting scandals many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law Because of the existence of these new regulations the level of control the severity of sanctions by governments and the amount of fines for noncompliance have increased dramatically In parallel with the technological revolution in communications business management has become more transparent and any negative event is uploaded to social networks and shared with an indeterminate number of people This change in the regulatory sanctioning and technological context has forced large companies to rethink risks investments and budgets to deal with this more complex environment To transition to this change some companies have included ethics and compliance programs in their corporate agenda along with marketing and sales plans strategies growth targets investment plans and or talent acquisition While each industry has its particular risks in this book the author describes the essential elements that any effective ethics and compliance program should contain This book is a source of information that connects yesterday with today The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves This book covers theories of ethics but with an eye focused on practical application Risks ethics and compliance are analyzed with an overall vision connected to the reality of business life without getting bogged down in abstract thinking or technical and regulatory details Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations Thus due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors it seems appropriate that executives get access to this book about risks ethics compliance and human resources directed not only to compliance experts but also to any organizational leader This second edition offers various examples to cultivate ethical thinking and behavior identify common risks and comprehend
