of cultural theorists it asks whether the popular is actually where elite conceptions of the world may best be challenged It also addresses middlebrow cultural production which has tended to be seen as antithetical to radical traditions asking whether this might in fact form an unlikely realm from which to question critique or challenge colonial tropes Examining the ways in which the imprint of colonial history is in evidence interrogated mythologized or sublimated within popular cultural production this book raises a series of speculative questions exploring the interrelation of the popular and the postcolonial

*Post-Monolingual Anglophone Novels* Birgit Neumann,2025-09-19 Engaging with recent research in literary multilingualism studies the global anglophone and comparative studies this book theorizes the so called post monolingual anglophone novels Inspired by Yasemin Yildiz s Beyond the Mother Tongue The Postmonolingual Condition 2012 post monolingual anglophone novels are understood as literary texts that activate multi and translingual strategies to mount a challenge to the monolingual norm and the homogenizing aspirations of English Post monolingual anglophone novels employ literary configurations of multi and translingualism without ignoring the ongoing validity of the monolingual norm in the international book market and the power differentials inherent in English This corpus of texts is therefore highly self conscious about the use of language As post monolingual novels stage exchange and movement between languages they also

model in the realm of fiction new concepts of language In several case studies of contemporary anglophone post monolingual novels from different parts of the world the book demonstrates how the post monolingual in literature operates within different cultural and political contexts The readings of Arundhati Roy s *The Ministry of Utmost Happiness* Yvonne A Owuor s *The Dragonfly Sea* Marlon James A *Brief History of Seven Killings* J M Coetzee s *The Childhood of Jesus* and Ocean Vuong s *On Earth We re Briefly Gorgeous* propose theoretically and methodologically innovative ways of engaging with literary multi and translingualism While the analyses focus on the post monolingual poetics they also direct attention to the novels modes of production and circulation in the anglosphere
