RESEARCH LABORATORY MANUAL A, 1974, REVISED 1979 ... This manual covers the first 12 weeks of the first year of the English Laboratory course. It is designed to provide students with a solid foundation in the study of language acquisition and to introduce them to the research methods used in the field. The manual is divided into two parts: Part I, which covers the first six weeks, and Part II, which covers the remaining six weeks. Each part contains a series of laboratory exercises that are designed to be completed in a laboratory setting. The exercises are designed to be completed in a laboratory setting and are intended to provide students with a hands-on experience of the research process. The manual is written for students who are interested in the study of language acquisition and who are enrolled in the English Laboratory course. It is intended to be used as a guide for students in the laboratory and as a resource for students who are interested in the field of language acquisition.
