AN Whitehead

2016 Form 6251 Internal Revenue Service:

EB-3 Consular Processing Brian D. Lerner, 2025-12-08 This application for the Consulate Processing for EB 3 Petition is a real example from an experienced Immigration Lawyer You can use this application sample and input your data It is the next best way to proceed forward without hiring an attorney The EB 3 Consular Processing is an Employment Based Visa which is for skilled workers professional and other workers After the PERM is approved assuming you have an employer sponsoring you and either a couple years of experience or a bachelor s degree the EB 3 is for you Many foreign nationals cannot get into the U S or stay in the U S on family based visas or family petitions Even if they can sometimes it takes years longer The EB 3 allows you to obtain Lawful Permanent Residency through employment and by working with a company that has sponsored you The EB 3 involves different employment categories You can have a B S degree or two years experience or even be unskilled There are many ways Once it is in the final stages you can process through the Consulate to get your Green Card Therefore you could be outside the U S while the EB 3 is processing Should you want real examples of this it will help you get an approval Therefore if you are looking for an employment based green card it starts with PERM then goes to the I 140 Petition and finally if you are outside the U S or cannot adjust inside the U S it will go to an EB 3 Consulate Processing for final approval Many people think that you can come to the United States only with a petition by a family member However this is not the case In actuality there are many different ways to come to the United States through employment You do not need any family members to get an employment based petition In fact if you have family members who want to come with you they can be considered derivative beneficiaries of the immigration petition Spouses and unmarried children under 21 years old can get their green cards based on the employment petition just like you the primary applicant The EB 3 is a shorthand way of saying Employment Based Petition third preference This means that there are different sub categories of the EB 3 which allow you to immigrate to the U S An immigration lawyer can certainly help here However the petition we are giving you is a real EB 3 petition and will give you a very good idea of what to do and how to proceed forward You should note that this petition is done after the PERM the I 140 Employment petition and then the final application to the Consulate Thus this EB 3 Consulate application is the application that is sent to the proper U S Consulate based on an approved employment petition You should note that nothing is guaranteed and therefore even if you have an approved PERM and I 140 that does not mean it is guaranteed to have the application approved Therefore you want to make sure that you follow this immigration application and do it properly so there are no delays and so that you can try to get your lawful permanent residency as soon as possible The EB 3 can be used if you have a B S degree or B A degree It also can be used if you have at least two years experience in whatever job is being offered Finally the EB 3 can be used if it is unskilled less than two years of experience For your information if in fact it is unskilled it will be harder to get through and you should try to get a position that requires at least a B S degree or 2 years of experience or a combination of both

EB-3 I-140 Employer Petition Brian D.

Lerner,2025-12-12 Do you have a Bachelor s degree in a specialized field and a United States based company who is willing to sponsor you Do you have two years or more of experience working in the same type of field It is even possible to have less than two years of experience and still get the EB 3 Employment Based Petition through the I 140 You may qualify for an EB 3 I 140 petition First you will need to go through the PERM system to obtain a Labor Certification Then you need to have an employer who is willing to sponsor you through the I 140 as the second step toward receiving a green card Once the I 140 is approved you can either adjust status or consulate process to actually get the Green Card The EB 3 is a way for educated individuals or people with relevant work experience to ultimately obtain their Green Card through employment based petitions Many people think that the only way to obtain the Green Card is through the family In fact sometimes it is necessary to wait many years to get the visa number to become current However with an employment based third preference petition depending on where you were born this visa could take much less time You could be here in the U S working as a lawful permanent resident years before a family based petition might be current Once you would receive the Green Card through the employment based petition you would have to have the intention to work full time for the company that petitioned you Clearly you could not work for another company or decide not to work at all and just pick up the Green Card Should you work at the company that petitioned you and then something goes wrong with the employment at some later date you would be able to quit and move onto another company The I 140 is the second petition in the process and very important It must be completed and submitted within 180 days of the approved PERM Once the I 140 is hopefully approved you would need to do either the Consulate Processing or the Adjustment of Status depending on if you qualify to adjust status in the U S This would conclude the three different petitions you need to proceed forward to final adjudication of lawful permanent residency As an Immigration Lawyer we are very aware of the red tape and the multiple items that could go wrong with any particular petition and or application Thus this example should provide you a very clear path with which you can use to prepare your own I 140 Petition in order to proceed forward The sample EB 3 I 140 or third preference employment based petition will give lots of great information and a significant amount of information and data that will comply with the requirements Thus if you cannot hire an immigration lawyer to prepare the necessary EB 3 I 140 Based Petition then this is the next best thing Follow it carefully and closely and you will have a real chance of realizing your dream to stay inside the United States We certainly hope you find this petition useful and helpful and hope for the best immigration experience you can have We do have petitions on every subject area of immigration and you might look at those if needed as well If you do need to actually have a consultation you can call our U S Immigration Law office at 562 495 0554 for an initial free consultation to determine what must be done to help you and your family

Principles of Taxation in the United States Fabio

Ambrosio,2020-10-04 Taxation is a discipline that does not receive sufficient academic attention It is typically viewed as a subset of law accounting public policy economics or finance In this respect most academic efforts in the field of taxation are

shadowed by a mother discipline There is currently an unprecedented need to approach tax pedagogy in a way that is independent of another discipline This book caters to that real and unmet need in tax pedagogy One of the book s advantages is that it is not tied to a specific tax year and does not coddle the reader with volumes of time sensitive information In this book the tax year is never the focus as the center stage is reserved for teaching the principles and skills necessary to independently find answers The reader will learn to appreciate the complexity of the American tax system and will be endowed with the contextual understanding necessary to formulate educated opinions about how taxes work and most importantly why Contrary to common belief taxation in the United States has remained fairly stable for the last 100 years This book uses the federal individual income tax as a vehicle to unveil the mechanics that make up the American tax system This book is essential reading for students taking a first course in taxation at the undergraduate or graduate level as part of programs in accounting law public administration or business at large
