2016 School Accountability Report Card:

The landscape of school rating systems Benjamin Dalton.,2017-09-28 The rise of the accountability movement in education has resulted in the proliferation of school report cards school ratings and rankings and other kinds of performance reporting for public consumption and policy use To understand the strengths and limitations of school rating systems and the role they play in shaping public perceptions and school improvement practices this paper situates rating systems within the broader field of comparative organizational assessments and neo institutional theory describes school rankings and rating systems in use by states and consumer oriented enterprises and details four aspects of school ratings measurement transformation integration and presentation that affect their use and interpretation Men Educators of Color in U.S. Public Schools and Abroad Ashley N. Woodson, Travis J. Bristol, 2023-12-11 This book reflects the diversity and possibility of critical research in education with an emphasis on the examination of the intersections of social identities for men teachers of color and the relationship between social identity and struggles for political and professional agency The authors address race and race inequality in education and provide a strong theoretical foundation for filling the empirical gap on men teachers of color by engaging in questions such as How do critical considerations of the intersection of race gender and profession inform the future of teacher education What does it mean to be men or of color in the context of the teaching profession in the U S and abroad What are the aims of ethnoracial diversity in the field of education The research included in this edited volume explores topics including but not limited to men teachers of color and their perceived pathways to the profession their perceptions of and partnerships with colleagues of other genders their sexual and gendered identities and performances and how they embrace reject or negotiate the expectations of performing as a role model in classrooms Moreover the chapters provide explicit implications for teachers teacher educators university and PK 12 administrators education activists and or education policymakers In sum this volume charts a new landscape in education research for all men teachers of color The chapters in this book were originally published as a special issue of the journal Race Ethnicity and Education **The Journey Before Us** Laura Nichols, 2020-01-17 More students are enrolling in college than ever before in U S history Yet many never graduate In The Journey Before Us Laura Nichols examines why this is by sharing the experiences of aspiring first generation college students as they move from middle school to young adulthood By following the educational trajectories and transitions of Latinx mainly second generation immigrant students and analyzing national data Nichols explores the different paths that students take and the factors that make a difference The interconnected role of schools neighborhoods policy employment advocates identity social class and family reveal what must change to address the college completion crisis Appropriate for anyone wanting to understand their own educational journey as well as students teachers counselors school administrators scholars and policymakers The Journey Before Us outlines what is needed so that education can once again be a means of social mobility for those who would be the first in their families to graduate from
