**Making Cars in the New India** Tom Barnes, 2018-05-03 Auto manufacturing holds the promise of employing many young Indians in relatively well paid high skill employment but this promise is threatened by the industry's role as a site of immense conflict in recent years This book asks how do we explain this conflict What are the implications of conflict for the ambitious economic development agendas of Indian governments Based upon extensive field research in India's National Capital Region this book is the first to focus on labour relations in the Indian auto industry It proposes the theory that conflict in the auto industry has been driven by twin forces first the intersection of global networks of auto manufacturing with regional social structures which have always relied on informal and precariously employed workers and second the systematic displacement of securely employed regular workers by waves of precariously employed de facto informal workers

**Flow Manufacturing -- What Went Right, What Went Wrong** Richard J. Schonberger, 2018-11-12 This book tells 101 stories of company efforts to implement the many aspects of flow manufacturing including such topics as just in time production total quality control reorganization of factories into product focused or customer focused cells plants in a plant material flows by the simplicity of visual kanban supplier partnerships quick setup of equipment cross training and job rotation of the work force and many more The 101 mini case studies dubbed caselets include 26 non U S companies from 12 countries and cover a wide swath of industrial sectors and include many well known corporations such as Apple Campbell Soup Honeywell and Boeing From the 1980s to the present the author has been taking the message of process improvement and customer focused excellence far and wide Most of these travels usually in connection with delivering a seminar include brief factory tours in which he compiled detailed notes and then organized them as brief reports his unvarnished analysis or take on what they do well and what needs improvement In the main the reports were then sent back to the hosts of the plant tour These factory tours and these follow up reports form the basis of the large majority of this book's caselets Many of the caselets bring to life process improvement methodologies in detail With lots of caselets to draw from the readers will find vivid examples of similar companies and processes within their respective industries For example the caselets often include applications of advanced concepts in cost management employee training performance management supply chains and logistics as well as applications of plant layout quick setup material handling quality assurance scheduling ergonomics and flow analysis
