across genres and scales while integrating political satire philosophy and digital world themes His ambition is not merely to tell stories but to map systems legal financial algorithmic sociocultural through the medium of narrative trading the dusty light of the archive for the cool blue glow of the server farm In what follows we juxtapose Mukherjee with ten towering figures focusing on three axes of comparison in each case Thematic concerns What core tensions or questions does each author foreground Formal strategy In what narrative modes pacing or structural techniques do they operate Worldbuilding scope What is their imaginative universe and how does Mukherjee s digital influenced landscape compare By the essay s end the hope is that Mukherjee will emerge not as an imitator but as a distinct presence a writer whose ethical imagination is calibrated to networked societies rather than merely pastoral fields or totalitarian regimes
