Language Course Planning Brian North, Mila Angelova, 2018-04-30 This essential guide examines course planning as an end to end process from learners needs through to assessment taking into account both the broader issues and the practical details at every stage Areas covered include effective needs analysis using the CEFR as a resource for course planning writing scenarios for classroom teaching and assessment triangulating course objectives materials and learners goals key terminology Extra resources are available on the website www.oup.com/elt/teacher/lcp Brian North is a co author of the CEFR and of its companion volume and was Chair of Eaquals from 2005 to 2010 Mila Angelova is the Academic Vice Chair of Eaquals and Head Director of Studies at AVO Language and Examination Centre in Sofia Elzbieta Jarosz is a member of the Eaquals Certification Panel and is the Academic Director of Gama College in Krakow Richard Rossner is a co founder of Eaquals and a co author of the European Profiling Grid and the Eaquals Framework English File: Advanced Plus: Student's Book with Online Practice Oxford, 2021-01-23 English File s unique lively and enjoyable lessons are renowned for getting students talking Advanced Plus is for higher level students who want to push the boundaries of their English learning Advanced Plus is a genuine step up from the Advanced level providing students with new more challenging input with a focus on concepts such as finer shades of meaning using language flexibly more abstract and complex topics and an appreciation of humour This Advanced Plus Student s Book with Online Practice is suitable for CEFR language level C1 Key Features Relevant entertaining and authentic content with a clear structure that challenges students Video listening activity is integrated in to each even numbered File These short documentaries and dramas make class time more dynamic and exciting The conversation feature allows students to observe authentic unscripted conversations in English and learn and practise features of natural conversation to express their own ideas Advanced Plus helps students develop relevant skills for higher level exams including practice activities in the Revise and Check sections

and exams skills development in Writing sections Further skills development available in Use of English activities in the Workbook and on Online Practice Online Practice provides students with learning tools and longer listening and reading texts to further challenge them at this level outside of class Teacher s Resource Centre allows teachers to manage all English File resources and teaching materials in one place online Classroom Presentation Tool shows the course content on screen with interactive features making it easier than ever for teachers to deliver heads up engaging lessons *English File: Advanced: Workbook with Key* Oxford University Press,2015-08-01 *Paradigms in Word Formation* Alba E. Ruz,Cristina Fernández-Alcaina,Cristina Lara-Clares,2022-09-15 The focus of Paradigms in Word Formation Theory and applications is on the relevance of paradigms for linguistic description Paradigmatic organization has traditionally been considered an inherent feature of inflectional morphology but research in the last decades clearly shows the existence of paradigms in word formation especially in affixal derivation often at the expense of other word formation processes This volume seeks to address the role that paradigms may play in the description of compounding conversion and participles This volume should be of interest to anyone specialized in the field of English morphology and word formation **The Grammar and Lexis of Conversational Informal English in Advanced Textbooks** María Dolores Fernández Gavela,2015-04-01 The Grammar and Lexis of Conversational Informal English in Advanced Textbooks defends the view that the acquisition of conversational English depends highly on the kind of materials available to L2 learners The need to acquire a proficient competence in English is growing exponentially in an incessantly demanding society but it is the oral skill and more specifically the ability to communicate in everyday situations that learners are calling for The current learning process nonetheless is not particularly effective as is shown in the data collected by the Eurobarometer and published in June 2012 which shows that only 38% of the Europeans surveyed were able to maintain a conversation in English although 67% believed it to be the most useful language to learn for personal development The present study supports the idea expressed in The Common European Framework of Reference for Languages which states that a language is learnt reactively following the instructions and carrying out the activities prescribed for them by teachers and by textbooks 2001 141 Consequently these materials should reflect the everyday use of informal discourse and allow learners to analyse understand and interpret the different underlying messages conveyed by means of lexico syntactic as well as paralinguistic elements The book is divided into seven chapters in which various different linguistic aspects of conversation are dealt with In the opening chapters spoken language is presented and approached as a multidimensional entity particularly as the sum of lexico syntactic and socio linguistic elements The following chapters provide a description of the main characteristics of conversational English based on corpus informed grammars and publications The final chapter analyses twenty ESL textbooks in order to determine how corpus data has influenced the materials designed for the acquisition of conversational discourse Teaching Grammar to a Grammar-Free Generation Tamilla Mammadova,2019-01-08 This is a unique book that covers innovative grammar teaching

approaches and techniques for a modern generation of EFL ESL students It juxtaposes traditional grammar teaching methods with newer ones and reveals the advantages and disadvantages of each Moreover it provides free and controlled grammar activities which offer instructors an ample variety of tasks that facilitate EFL ESL teachers work to practice certain grammatical patterns

Grammar in ELT and ELT Materials Graham Burton,2023-06-06 This book investigates the content of the grammar syllabus typically employed in mainstream English Language Teaching Using a mixed methods approach the author examines how the syllabuses used in coursebooks are actually constructed how they evolved and how valid their contents are as a basis for teaching The research reported consists of a broad exploration of primary sources in order to outline the evolution of ELT pedagogical grammar ten interviews with key ELT authors and publishing professionals which allows for the investigation of the decision making processes underlying the choice of grammar content in ELT teaching materials and finally the presentation of case studies which examine three areas of grammar analysing the evolution of their treatment in ELT materials both historical and contemporary and comparing their current treatment to data on real learner use This book contributes to the literature on syllabus design and pedagogical grammar and builds on existing research into materials design It will be of interest to researchers and professionals working in the fields of applied linguistics pedagogical grammar curriculum design and materials design
