International Conference on Advances in Tribology and Engineering Systems Himanshu C. Patel, Gunamani Deheri, Harshvadan S. Patel, Shreya M. Mehta, 2013-10-17 This book contains advanced level research material in the area of lubrication theory and related aspects presented by eminent researchers during the International Conference on Advances in Tribology and Engineering Systems ICATES 2013 held at Gujarat Technological University Ahmedabad India during October 15-17 2013. The material in this book represents the advanced field of tribology and reflects the work of many eminent researchers from both India and abroad. The treatment of the presentations is the result of the contributions of several professionals working in the industry and academia. This book will be useful for students, researchers, academicians, and professionals working in the area of tribology in general and bearing performance characteristics in particular, especially from the point of view of design. This book will also appeal to researchers and professionals working in fluid film lubrication and other practical applications of tribology. A wide range of topics has been included despite space and time constraints. Basic concepts and fundamentals, techniques have been emphasized upon while also including highly specialized topics and methods such as nanotribology, bio-nanotribology. Care has been taken to generate interest for a wide range of readers considering the interdisciplinary nature of the subject.
