

Application for an environmental permit Part C2 – General – varying a bespoke permit

Fill in this part of the form, together with part A and the relevant parts of C3 to C7 and part F1 or F2, if you are applying to vary (change) the conditions on any other part of the permit. Please check that this is the latest version of the form available from our website.

You only need to give as details in this application for the parts of the permit that will be affected (for example, if you are adding a new facility or changing existing ones).

Waste operations changing its installation or site versus

If your changes mean that a new site operation becomes an installation (or vice versa) you also need to fill in either part C3 (waste to installation) or part C4 (installation to waste).

You do not need to send any information from your original permit application if it is not affected by your proposed changes.

Please read through this form and the guidance notes that come with it.

This form can be:

- 1) saved onto a computer and then filled in. Please note that this form follows a logic that means questions will open or stay closed depending on a previous answer, so you may not be able to enter text in some boxes.
- 2) printed off and filled in by hand. Please write clearly in the answer spaces.

It will later be used to generate fill in this part of the application form.

Manual of Environmental Management Adrian Belcham,2014-09-25 Manual of Environmental Management is a practical guide for those involved in the control and reduction of environmental impacts in organisations This comprehensive and practical guide takes you through the main environmental challenges organisations face and the improvement strategies used to manage them Chapter by chapter Manual of Environmental Management discusses the fundamental issues and principles surrounding environmental policy law and management and provides crucial information on how to respond and implement environmental programmes This book is the perfect reference tool for the environmental professional and an invaluable study text for those preparing for professional examinations such as the NEBOSH Environmental Diploma and IEMA Associate Membership Exam

Environmental Law for Sustainable Construction Francine Baker,Jennifer Charlson,2023-09-25 Environmental Law for Sustainable Construction gives a practical overview of key areas of environmental law as it affects the construction sector It is suitable for a broad range of practitioners in the architecture engineering and construction industry who require a clear reference to help navigate the complexity in this area of law

Environmental Management in Organizations John Brady,Alison Ebbage,Ruth Lunn,2013-04-15 Environmental issues can present some daunting operational concerns for all types of organization whether in the private public and voluntary sectors Managing them requires environmental professionals with a working knowledge of the rapidly developing body of regulatory measures This new edition of Environmental Management in Organizations provides all the management tools performance measures and communication strategies that organizations need to manage their environmental responsibilities effectively Leading experts on each topic provide focused explanations and clear practical guidance as well as setting out the context and the key environmental and management drivers This edition significantly updates the original handbook to take account of developments in the environmental agenda including new dedicated chapters on climate change energy transport biodiversity and chemicals Published with IEMA

OECD Environmental Performance Reviews: United Kingdom 2022 OECD,2022-06-22 Over the past decade the United Kingdom has reduced several environmental pressures while growing its economy Ahead of its presidency of the 2021 UN Climate Change Conference of the Parties it has led the way by raising its national ambition However air pollution deteriorating natural assets and missed biodiversity targets are all concerns

Wolf and Stanley on Environmental Law Susan Wolf,Neil Stanley,2013-10-23 Written with real clarity by authors teaching and researching in the field Wolf and Stanley on Environmental Law offers an excellent starting point for both law and non law students encountering this diverse and rapidly developing subject for the first time The focus of the book is on the regulation and control of pollution and includes chapters on environmental permitting waste management air and water pollution and contaminated land The book also includes the administration and enforcement of environmental law EU environmental law the environmental torts and the private regulation of environmental law The book is supported by a range

of learning features designed to help students Consolidate your learning Chapter learning objectives and detailed summaries clarify and highlight key points Understand how the law works in practice Law in Action features demonstrate the application of pollution control law Plan your research Detailed end of chapter further reading sections outline articles books and online resources that provide next steps for your research This sixth edition has been updated and revised to take into account recent developments in the subject including coverage of the Environmental Permitting England and Wales Regulations 2010 developments in the Environment Agency enforcement and sanctions policy documents updates relating to the defence of statutory authority in the tort of private nuisance and current issue relating to compliance with the Aarhus Convention Suitable for students of environmental law and the wider environmental studies Wolf and Stanley on Environmental Law is a valuable guide to this wide ranging subject *Environmental Permit Application Package* Connecticut.
