

PHARMACY OPERATIONAL MANUAL

2023

What's new:

1. **Auto-Refills.** This requirement became effective on July 1, 2022. If your pharmacy does engage in auto-refills, you will need an additional policy documenting the names of the drugs eligible for the program plus a notice to the patients (attached here as Policy 2.7).
2. **Inventory Reconciliation Reports of Controlled Substances.** Starting January 1, 2023, California pharmacies are required to have a new written policy and procedure addressing controlled substances inventory reconciliations. The amended requirements of [California Code of Regulations 1713.65](#) are included in this policy.

This manual contains basic policies and procedures as required by California law. If your pharmacy has specific circumstances or internal policies, contact admin@rxpolicy.com. Based on our regulatory and enforcement experience, it is better not to have a policy than have a policy and not follow it. Therefore, this manual is limited to the required policies and procedures and as recommended by the Board of Pharmacy, Medicare/Medicaid, and/or PBMs. If any of them do not apply to your practice, please delete.

Contact us if your pharmacy:

- Performs any aspects of compounding;
- Has unique dispensing procedures (such as dispensing certain products that require separate compliance);
- Has any pharmacist that refuse to furnish dangerous drugs or devices based on religious, ethical, or moral grounds;
- Dispenses to inpatient healthcare facility or inmates;
- Is constructed with a secure drug/device enclosure;
- Performs skin puncture or other patient assessment procedures;
- Operates an Automated Medication Dispensing systems;
- Shares common electronic files with other healthcare providers or other pharmacies.

In addition, contact us if any procedures in this manual must be customized to reflect your internal policy.
