In addition to classical repertoire the text includes student friendly contemporary pieces with numerous examples and exercises that allow students to play with both hands early on. Throughout its several editions the text has gained acclaim for its richly diversified styles of repertoire and ensemble pieces and its abundance of creative materials such as the 12 bar blues pentatonic and 20th century improvisations. This text provides a rudimentary introduction to the keyboard explaining the essential elements of piano playing such as note reading keyboard posturing tempo markings and the five finger pattern. Through diagrams practice exercises and musical examples this text introduces students to a variety of chord patterns major and minor scales and accompaniments. Worksheets at the end of each chapter provide the student with further practice opportunities.

Contemporary Class Piano Elyse Mach, 2022 *Contemporary Class Piano* ninth edition enables class piano students to master the full range of skills needed to succeed in the two semester class piano course. It provides all the tools needed for mastery including a wide repertoire of practice exercises and pieces duets for students to performance together performance tips and creative exercises. Unlike other class piano texts *Contemporary Class Piano* emphasizes creativity over rote learning and covers the full range of basic to advanced skills eliminating the need to buy additional texts. Acclaimed for its creative approach and diverse repertoire *Contemporary Class Piano* provides a student friendly introduction to basic piano skills. In short progressive chapters that mirror the standard two semester curriculum it explains the essential elements of piano playing incorporating diagrams practice exercises and musical examples that help students build proficiency and confidence with a variety of chord patterns major and minor scales and accompaniments.
