Age of Propaganda Pratkanis, 2001-07 Examines the patterns motives and effects of mass persuasion discussing the history of propaganda how the message of propaganda is delivered and counteracting the tactics of mass persuasion

Age of Propaganda Anthony R. Pratkanis, Elliot Aronson, 1992 Examines the patterns motives and effects of mass persuasion discussing the history of propaganda how the message of propaganda is delivered and counteracting the tactics of mass persuasion

Age of Propaganda Anthony R. Pratkanis, Elliot Aronson, 2004 Americans create 57% of the world s advertising while representing only 6% of its population half of our waking hours are spent immersed in the mass media Persuasion has always been integral to the democratic process but increasingly thoughtful discussion is being replaced with simplistic soundbites and manipulative messages Drawing on the history of propaganda as well as on contemporary research in social psychology Age of Propaganda shows how the tactics used by political campaigners sales agents advertisers televangelists demagogues and others often take advantage of our emotions by appealing to our deepest fears and most irrational hopes creating a distorted vision of the world we live in This revised and updated edition includes coverage of the Clinton Lewinsky scandal recent election campaigns talk radio teen suicide U F O abductions the Columbine shootings and novel propaganda tactics based on hypocrisy and false allegations

Publications Combined: Fake News, Conspiracy Theories, and Lies: Information Laundering In the 21st Century , 2018-09-06 The purpose of this research broadly speaking is to expose the threat that fake news poses to our national security This thesis answers the question Can the information laundering model or a modified version of it be used to explain how the internet is exploited to spread fake news and the resulting threat to the United States I assert that a well crafted narrative whether true or false can be spread rapidly online due to the accessibility and interconnectedness of the internet ecosystem I then articulate how these narratives can be further accelerated and disseminated when propagandists take advantage of existing processes that improve the customization ease of access and availability of information online I do this by modifying the information laundering model and then using the new model to examine the interconnectedness of search engines blogs social networking platforms and media academic outlets and how these connections can be exploited to launder false or purposefully misleading information into public discourse Finally I demonstrate how this process allows adversarial nations criminals and malicious actors to increase public discord undermine democracy and threaten Americans physical and cognitive security Contains the following studies 1 Fake News Conspiracy Theories and Lies An Information Laundering Model for Homeland Security 2 THE COMMAND OF THE TREND SOCIAL MEDIA AS A WEAPON IN THE INFORMATION AGE 3 PUTIN S PROPAGANDA WAR IS HE WINNING 4 Cyber Terrorism and Cyber Crime There Is a Difference 5

from politics education social movements and corporate communication to entertainment Author Cayce Myers examines the institutional pressures including financial legal and ethical considerations that have shaped public relations and have led to the parameters in which the practice is executed today exploring the role that underrepresented groups and sectors both in the U S and internationally played in its formation The book presents the diversity and nuance of public relations practice while also providing a cohesive narrative that engages readers in the complex development of this influential profession Public Relations History is an excellent resource for upper level undergraduate and graduate courses covering public relations theory management and administration mass communication history and media history

Hellboy and the Apocalyptic Imagination Aaron Ricker,2026-02-13 The bold artistic imagination of Mike Mignola s comic Hellboy draws on Western beliefs surrounding heroes and villains that are shaped by centuries of storytelling theology and popular culture The Christ Antichrist complex is at the core of Western apocalyptic imagination offering a clear divide between good and evil and highlighting the evolving dynamics of heroism and villainy Throughout history violent heroes and violent villains have been presented as paired opposites entwined in a way that frames the violence of the good guys as natural noble and necessary Through the examination of how messianic and heroic figures have relied on displays of power that might otherwise be perceived as excessive vulgar or villainous this volume reveals how deeply ingrained these narrative traditions are and how they inform the stubbornly mysterious but artistically coherent world of Hellboy and its adaptations Utilizing multiple disciplines it encourages a more critical historically grounded understanding reminding readers that it is always worth questioning the stories that justify violence and moral certainty
