expression in the visionary works of nineteenth century artists such as Fuseli and Blake as well as in the creative output of the twentieth century's Surrealists

The Philistine Harry Persons Taber, Elbert Hubbard, 1905 *Astrological Alchemy* Joan Negus, 2010-05

When we use astrology of course we want to look ahead and anticipate the future The easiest and most common method is transits a comparison of where the planets are in the zodiac now or at any time in the future and how they relate to our birth chart But should we wait for our transits to happen and worry if they seem challenging No With this author's positive approach experience and practical advice we can learn how to direct our transits In her thorough explanation of transit cycles Joan Negus emphasizes that transits highlight opportunities She offers suggestions and insights gained through years of observation and client counseling about how we can consciously plan how to make the most of our good transits while transmuting those challenging base transits into golden opportunities
