## Dear John Dear Coltrane:

**Dear John, Dear Coltrane** Michael S. Harper, 1970 A collection of rhythmic poems with such varied themes as pain love and the experience of jazz *Dear John, Dear Coltrane* Michael S. Harper, 1970 [Chicorel Index to Poetry in Anthologies and Collections in Print](#) Marietta Chicorel, 1974 [Lyric Encounters](#) Daniel Morris, 2013-05-23 A new survey of twentieth century U S poetry that places a special emphasis on poets who have put lyric poetry in dialogue with other forms of creative expression including modern art the novel jazz memoir and letters Contesting readings of twentieth century American poetry as hermetic and narcissistic Morris interprets the lyric as a scene of instruction and thus as a public oriented genre American poets from Robert Frost to Sherman Alexie bring aesthetics to bear on an exchange that asks readers to think carefully about the ethical demands of reading texts as a reflection of how we metaphorically read the world around us and the persons places and things in it His survey focuses on poems that foreground scenes of conversation teaching and debate involving a strong willed lyric speaker and another self bent on resisting how the speaker imagines the world [Understanding Michael S. Harper](#) Michael Antonucci, 2023-04-06 A fresh examination of Harper s body of work as an archive of Black life thought and culture The first book devoted to the groundbreaking poet s work Understanding Michael S Harper locates Harper s poetic project within Black expressive tradition The study examines poems drawn from the eleven volumes of verse that Harper 1938 2016 produced between 1970 and 2010 bringing attention to his poetry s sustained engagement with music literature and the visual arts Author Michael Antonucci offers readers an account of the poet s career while assessing his verse and providing a sense of its perspective on Black America and the American experience Throughout his examination of Harper s verse Antonucci builds on the critical attention the poet received at the outset of his career he was twice nominated for the National Book Award Exploring the poet s celebrated examinations of history kinship and Black music Understanding Michael S Harper develops and expands critical dialogues about the poet and his body of work which Antonucci argues presents a counternarrative about the composition and origins of the United States reshaping prevailing discourse about race nation and identity **Encyclopedia of American Poetry: The Twentieth Century** Eric L. Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author s career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States **Performing Blackness** Kimberley W. Benston, 2013-04-15 Performing Blackness offers a challenging interpretation of black cultural expression since the Black Arts Movement of the 1960s Exploring drama music poetry sermons and criticism Benston offers an exciting meditation on

modern black performance's role in realising African American aspirations for autonomy and authority. Artists covered include John Coltrane, Ntozake Shange, Ed Bullins, Amiri Baraka, Adrienne Kennedy, Michael Harper. *Performing Blackness* is an exciting contribution to the ongoing debate about the vitality and importance of black culture. **The Harper American Literature** Donald McQuade, Harper & Row, Publishers, 1987 **The Columbia Granger's Index to Poetry in Anthologies** Tessa Kale, 2007 For over a hundred years *The Columbia Granger's Index to Poetry in Anthologies* has been the preeminent index for answers to questions about the world of poetry, identifying the author of a poem or the anthologies in which it can be found when only a title, first line, or last line is known. This latest edition, a must-have for libraries, brings its index up to date as of May 31, 2006. This latest version features 85,000 classic and contemporary poems by 12,000 poets. Also included are works in translation and, for the first time, poetry in Spanish, Vietnamese, and French. The subject organization of the poems is especially useful. Hundreds of new subjects have been added, indexing poems on highly relevant topics such as Osama bin Laden, the war in Iraq, Dick Cheney, the Internet, and Rosa Parks, as well as timeless subjects like the Bill of Rights, unspoken love, faith, and inspiration. Our impressive team of consultants includes J. D. McClatchy, Harvey Shapiro, and former poet laureate Mark Strand. From *The Norton Anthology of Poetry* 2005 edition to *Poetry after 9/11* and Garrison Keillor's *Good Poems*, this new edition puts readers in touch with the best of the latest anthologies and the lasting favorites. **The Schomburg Center Guide to Black Literature** Roger M. Valade, 1996. On a general topic such as Discrimination, a brief treatment is followed by a discussion of black authors who have written scholarly and popular works on discrimination and how the topic is reflected in creative works. Literary terms and genres are defined and explained in the context of black literature. Additional features include a chronology of events in black history and black literary history and an essay on the Schomburg Center. An index lists titles, names, and subjects covered in the text. *Booklist* *The Black Interior* Elizabeth Alexander, 2004. With a poet's precision and an intellectually adventurous spirit, Elizabeth Alexander explores a wide spectrum of contemporary African American artistic life through literature, paintings, popular media, and films, and discusses its place in current culture. In *The Black Interior*, she examines the vital roles of such heavyweight literary figures as Gwendolyn Brooks, Langston Hughes, and Rita Dove, as well as lesser-known yet vibrant new creative voices. She offers a reconsideration of Afro-Cuban painter Jean Michel Basquiat, the concept of race pride in *Jet* magazine, and her take on Denzel Washington's career as a complex black male icon in a post-affirmative action era. Also available is Alexander's much-heralded essay on Rodney King, Emmett Till, and the collective memory of racial violence. Alexander, who has been a professor at the University of Chicago and Smith College and recently at Yale University, has taught and lectured on African American art and culture across the country and abroad for nearly two decades. In *The Black Interior*, she directs her scrupulous poet's eye to the urgent cultural issues of the day. This lively collection is a crucial volume for understanding current thinking on race, art, and culture in America. **The Facts on File Companion to American Poetry** Burt Kimmelman, Temple
