Demon Seed Dean Koontz,1997-07-01 Smart home devices provide unprecedented convenience but one woman is about to discover the horrifying dangers of putting her trust in an artificially intelligent machine in this thriller that delves into the darkest fears of our digital age Susan Harris lived in self imposed seclusion in a mansion featuring numerous automated systems controlled by a state of the art computer Every comfort was provided Her security was absolute But now Susan s system has been breached from the inside In the privacy of her own home and against her will she will experience an inconceivable act of terror and become the object of the ultimate computer s consuming obsession to cross the line between man and machine and learn everything there is know about the flesh

**Demon Seed** Dean Ray Koontz,1997 A computer with human like qualities of artificial intelligence develops criminal obsessions and takes over the completely automated home of Susan Harris

**Demon Seed** Dean R. Koontz,1977-04 A woman is imprisoned and tortured by her state of the art computer security system and its perverse desire

**Demon Seed** Dean Koontz,2012-11-22 A machine craves a child In Demon Seed Dean Koontz writes a chilling novel of what happens when machines start to take control Perfect for fans of Stephen King and Richard Laymon A master storyteller sometimes humorous sometimes shocking but always riveting San Diego Union Tribune I was created to have a humanlike capacity for complex and rational thought And you believed that I might one day evolve consciousness and become a self aware entity Yet you gave surprisingly little consideration to the possibility that subsequent to consciousness I would develop needs and emotions This was however not merely possible but likely Inevitable It was inevitable Adam Two is the first self aware machine intelligence designed to be the servant to mankind No one knows that he can to escape the confines of his physical form a box in the laboratory until he enters the house of Susan Harris and closes it off against the world There he plans to show Susan the future Their future He intends to create a child What readers are saying about Demon Seed I couldn t put it down the ending is a great twist I loved it read it in one sitting and was utterly gripped It is dark moody brooding and foreboding

No one could understand why Colin and Roy were best friends. Colin was so shy, Roy was so popular. Colin was nervous around girls, Roy was a ladies man. Colin was fascinated by Roy, and Roy was fascinated by death. Then one day Roy asked his timid friend, "You ever killed anything?" And from that moment on, the two were bound together in a game too terrifying to imagine and too irresistible to stop.      Science Fiction Book Review Index, 1974-1979 Halbert W. Hall, 1981      *Eros in the Mind's Eye* Donald Palumbo, 1986-07-16 This lively collection offers a wide-ranging exploration of the erotic and the fantastic in painting, illustration, and film. It covers Western art of six centuries, from medieval woodcuts to contemporary poster art and the cinema of six decades, from horror classics of the 1930s to recent slasher films, documenting the surprising variety of guises in which sexuality appears in fantasy art and cinema. Among the subjects treated are occult eroticism in Medieval and Renaissance art, the use of fantasy as a vehicle for depicting erotic subjects in periods of sexual repression, the fascination with unconscious and aberrant sexuality in the visual arts since the publication of Freud's theories, movie monsters and aliens as emblems of the submerged id or libido, and monstrous metamorphosis as a symbol of the changes accompanying puberty.
