Desert Fire:

Proceedings of the Fire History Workshop, October 20-24, 1980, Tucson, Arizona, 1980 The purpose of the workshop was to exchange information on sampling procedures research methodologies preparation and interpretation of specimen material terminology and the application and significance of findings emphasizing the relationship of dendrochronology procedures to fire history interpretations Fire in California's Ecosystems Jan W. van Wagtendonk, 2018-06-08 *Fire in California's Ecosystems* describes fire in detail both as an integral natural process in the California landscape and as a growing threat to urban and suburban developments in the state Written by many of the foremost authorities on the subject this comprehensive volume is an ideal authoritative reference tool and the foremost synthesis of knowledge on the science ecology and management of fire in California Part One introduces the basics of fire ecology including overviews of historical fires vegetation climate weather fire as a physical and ecological process and fire regimes and reviews the interactions between fire and the physical plant and animal components of the environment Part Two explores the history and ecology of fire in each of California's nine bioregions Part Three examines fire management in California during Native American and post Euro American settlement and also current issues related to fire policy such as fuel management watershed management air quality invasive plant species at risk species climate change social dynamics and the future of fire management This edition includes critical scientific and management updates and four new chapters on fire weather fire regimes climate change and social dynamics **The McCall Trilogy** Marcia Lynn McClure, 2012-02 The founding desert fire She opened her eyes and beheld for the first time the face of Jackson McCall Ruggedly handsome and her noble rescuer she knew in that moment he would forever hold captive her heart as he then held her life in his protective arms Yet she was a nameless beauty haunted by wisps of visions from the past How could she ever hope he would return the passionate devotional love she secreted for him when her very existence was a riddle *General Technical Report RM.*, 1980

Effects of Fire on Flora James E. Lotan, 1981 **Cultural Hybridity and the Environment** Kirsten Maclean, 2015-02-07 This book highlights the importance of diversity in overcoming issues of social and environmental degradation It presents conceptual and practical strategies to celebrate local and Indigenous knowledge for improved community development and environmental management David Harvey has proclaimed The geography we make must be a peoples geography This clarion call challenges geographers around the world to consider the power and potential of geographic knowledge as the basis for social action a call this book answers providing readers the theoretical and conceptual tools needed to understand the social world and empowering them to mobilize social change The author uses empirical case studies of two environmental management and community development projects to document how knowledge generation is essentially locally situated and socially derived In doing so she charts a path for moving beyond what Vandana Shiva so aptly describes as monocultures of the mind The book argues that local and Indigenous knowledge must not be seen in opposition to scientific knowledge as

none of these knowledge traditions hold all the answers to localized socio environmental problems Rather as the author explores through a set of processes and strategies to enable support and celebrate cultural hybridity at the local environmental governance scale these respective knowledge systems can learn to speak to each other Such dialogue has the potential to support more sustainable outcomes at multiple environmental governance locales This book will be of interest to everyone involved in environmental policy planning or politics and for those who want to make this planet a more sustainable and just place
