Imagining Sociology An Introduction With Readings :

Imagining Sociology Catherine Corrigan-Brown, 2022-10-31 *Imagining Sociology* introduces students to the concept of the sociological imagination and provides them with the foundational concepts and theories that will help them use this lens to understand the social world. Organized around the themes of social inequality, social institutions, and social change, the text introduces the key ideas of sociology in a student-friendly, easy-to-understand way. Each chapter contains two primary source readings by either classical theorists or contemporary researchers, carefully integrated into the text, and critical reading questions encourage students to make connections between the readings and the key ideas in the chapter. Activity boxes in each chapter provide ideas for thought-provoking class activities that will capture students' interest. All class-tested by the author, while highlight boxes offer deeper analysis of important contemporary social issues such as gender and racial inequality or the effects of the COVID-19 pandemic.

Imagining Society Catherine Corrigan-Brown, 2023-12-20 *Imagining Society* Second Edition is an introductory text that presents sociology as a distinctly human enterprise. In every chapter, as they are learning the discipline's foundational concepts, readers are led on a journey across time and space to encounter some of sociology's key makers, the creative individuals whose representations of the social world enable us to make sense of it and change it for the better. At each stop, they will be immersed in the actions, ideas, and original thoughts of these diverse and seminal thinkers whose empirical methods and theoretical insights have inspired other sociologists and form the building blocks of the discipline. Exercises in the text create opportunities for students to activate their own imaginations and to also see familiar contemporary culture and society—TV shows, popular music, advertising, organizations, thought leaders, and authority figures, fads, and movements etc.—through fresh eyes.

Keeping the March Alive Catherine Corrigan-Brown, 2022-11-29 This book follows 35 Indivisible groups founded after the Women's March of 2017 in ten US cities in order to understand why some social movement organizations survive and thrive while others falter. It focuses on how activists navigate their local context and make strategic decisions about tactics, coalitions, individual participation, and online technologies.

Syed Hussein Alatas and Critical Social Theory, 2022-11-21 Known for his most famous works such as *The Myth of the Lazy Native* (1977) and *The Problem of Corruption* (1986), as well as his concept of the captive mind, Syed Hussein Alatas (1928-2007) has made significant contributions to decolonization theory, social theory, and other forms of thought critical of the current neo-colonial and neoliberal world. Although Edward Said acknowledged his debt to Syed Hussein Alatas' work, especially its influence on Edward W. Said's most famous book, *Orientalism*, Syed Hussein Alatas' work has long been overlooked by Western academia, trapped in its Eurocentric perspective. Spurred by the commitment to continue the development of Syed Hussein Alatas' work, this edited volume attempts to demonstrate the relevance of Syed Hussein Alatas to numerous academic fields and the potential for his thought to be transformative in the international socio-political realm.

Twenty authors from various disciplines and countries have contributed to Syed Hussein Alatas and Critical Social Theory Decolonizing the Captive Mind in the hopes of bringing his work to the forefront of social and political theory Contributors are Mona Abaza Joseph Alagha Masturah Alatas Sharifah Munirah Alatas Syed Farid Alatas Syed Imad Alatas Hira Amin Dustin J Byrd Zawawi Ibrahim N Jayaram Teo Lee Ken Habibul Haque Khondker Victor T King Jo o Marcelo E Maia Seyed Javad Miri Carimo Mohomed Chandra Muzaffar Norshahril Saat Mostafa Soueid and Esmaeil Zeiny
