Lost Islamic History Firas Alkhateeb, 2017 A lively and eye opening popular history of Islamic civilization **FROM THE QUR'AN TO CONVERSION A SPIRITUAL JOURNEY** Gabriela Mondragon, 2024-12-28 Arabic Language is a far land from Mexico and Colombia where people speak Spanish Why Mexican and Colombian Muslim converts approach the Qur'an in Arabic With this book pretends to contribute on the understanding of the learning process of the Arabic language and the recitation of the Qur'an among female Muslim converts from these two countries What are their learning experiences Which type of opportunities do they have What are their challenges Do they experience positive effects and significant achievements Find out more through the journey from the Qur'an to the religious conversion to Islam **Understanding Salafism** Yasir Qadhi, 2025-06-12 The Salafi movement invokes fear and dread in outsiders who treat Salafism as synonymous with religious extremism For Salafis themselves it is a jealously guarded title always in danger of dilution Salafism has changed the face of Islam its ideas reach far outside its own ranks Yet popular portrayals never go beyond hackneyed stereotypes In *Understanding Salafism* Dr Yasir Qadhi delves into the origins of the movement from the earliest debates in Islam to Salafism today in both the Western and Islamic worlds In an analysis covering Salafism in the Middle East Europe the United States and Africa he illuminates Salafism's theological ideas the debates within Salafism about political participation and its relationship to other schools in Sunni Islam Table of Contents List of Figures Preface Conventions 1 Introduction A Bird's Eye View of Salafism 2 A Comprehensive History of Salafi Thought From its Origins to Modernity 3 Wahhabism and Salafism 4 Salafism and Islamism A Case Study of the Muslim Brotherhood 5 The Phenomenon of Jihadi Salafism 6 Global Salafism in the Contemporary World Epilogue Notes Bibliography Index Believing Is Seeing Michael Guillen, PhD, 2021-09-07 Is your worldview enlightened enough to accommodate both science and God at the same time Dr Michael Guillen a best selling author Emmy award winning journalist and former physics instructor at Harvard used to be an Atheist until science changed his mind Once of the opinion that people of faith are weak small minded folks who just don't understand science Dr Guillen ultimately concluded that not only does science itself depend on faith but faith is actually the mightiest power in the universe In *Believing Is Seeing* Dr Guillen recounts the fascinating story of his journey from Atheism to Christianity pulling back the curtain on the mystery of faith as no one ever has by citing the latest discoveries in Neuroscience Physics Astronomy Mathematics Is it true that seeing is believing Or is it possible that reality can be perceived most clearly and logically through the eyes of faith and religion and that truth is bigger than proof Let Dr Guillen be your apologetics guide as he brilliantly argues for a large and enlightened worldview consistent with both God and modern science *Muslim Perspectives on Islamophobia* Zouhir Gabsi, 2024-08-06 The Islamic positioning of Islamophobia is presented in this book Through Islamic or Muslim perspectives the book engages with various Islamic texts and discourses spoken and written emanating from preachers and scholars of Islam to discuss the points of convergence and divergence with the Western

interpretation of the phenomenon The book aims to look at Islamophobia from a hitherto unexplored angle by first analyzing the points of convergence and divergence between the internal Muslim and external Western perspectives and then by providing new approaches to curbing Islamophobia through a holistic spiritual dimension of Islam and cultural memory The book contends that the bridges of understanding between the East and the West can only be built if some of Islam s theological concepts such as the place of reason in Islam are reinterpreted by considering the Islamic perspectives While the book acknowledges previous work on Islamophobia it contributes to a deeper understanding of Islamophobia in its internal and external manifestations by considering the theoretical frameworks of racism and xenophobia Readers interested in Islamic studies and anti racism narratives would find this book s eclectic approach and balanced perspective of the phenomenon informative and enlightening
