<p>Title: <u>Macbeth</u></p> <p>Author: W. Shakespeare</p> <p>Date of Publication: 1606</p> <p>Genre: Shakespearean Tragedy</p>	<p>Biographical information about the author:</p> <p>Shakespeare was born in Stratford Upon Avon in the late 1500s and is now widely regarded as one of the most influential and well-known playwrights in English literature. Along with dozens of comedies, tragedies, and histories, Shakespeare was a renowned poet having published countless sonnets and creating a new and distinct poetic format in his writing. Although a lot of mystery and lack of historical details surrounds his life, it is clear that he was born, lived, and wrote in London under Queen Elizabeth.</p>
<p>Historical information about the period of publication:</p> <p>Published in the earliest years of the Jacobean Era of English history, characterized by the ruling of King James VI and I. The time period is well known for its artistic influence and prominence. Other notable aspects include the influence of religion at the time, and the ongoing efforts of colonization.</p>	<p>Characteristics of the genre:</p> <p>Shakespearean tragedies follow a tragic hero through the course of the downfall and often put heavy emphasis on the dichotomy between good and evil (light and dark symbolism in the case of <i>Macbeth</i>). Told in five acts with the climax of the story serving as the point of no return, tragedies rely on the suspense of the audience and a continual buildup of often fated events that most times end with the tragic hero's fatal flaw proving to be just that.</p>
<p>Plot summary:</p> <p>The plot begins with the titular character Macbeth and his friend Banquo, after fighting and winning a noble fight, encountering a coven of witches. Their cryptic prophecies, which predict Macbeth becoming Thane of Cawdor and then the King (and predict Banquo's children to be kings themselves), all of a sudden seem horribly promising as he is knighted with the title of Thane of Cawdor shortly afterwards. Now blinded with the possibility of power, he begins to conspire to kill the King in order to take the throne himself. Although initially uneasy about the plans, he is coerced into the murder by his wife and ends up killing the king and framing the king's heirs, successfully putting himself on the throne.</p> <p>However, with this victory comes deep moral conflict, knowing that his friend's sons could possibly dethrone him, he now begins plotting the assassination of Banquo and his son. Though he successfully has Banquo assassinated (although it's noteworthy that the son survived), this act weighs deeply on his conscience, as he begins hallucinating the ghost of his friend and becoming deeply anxious. It is at this point however, that he determines that he is far too deep in the bloodshed to back out now, so he continues with his schemes.</p> <p>Macbeth is visited by the witches once more, in which it is revealed that Macbeth shall not fall until the Great Wood of Birnam comes to meet Dunsinane, with the additional prophecy that Macbeth shall not fall to any man of woman born. He interprets these two to mean invincibility, which only aids in his murderous intents. After the King had been murdered, his sons fled the country, one of whom was followed by MacDuff, with the intent to raise an army to combat Macbeth. While MacDuff is in England raising this army, Macbeth realizes the threat MacDuff poses, and slaughters everyone in MacDuff's castle.</p>
