Mahatma Gandhi Dr. Ajay Raghav, *Beyond Power Political Philosophy of Mahatma Gandhi* explores Gandhi's unique and transformative approach to politics which rejected traditional notions of power based on domination coercion or violence. Instead Gandhi rooted his political philosophy in ethical principles particularly truth Satya and nonviolence Ahimsa aiming not just to change laws or governments but to reform society and human relationships at their core. For Gandhi true political action was a form of moral service where the means were as important as the ends. Politics Rooted in Ethics Power should serve truth and justice not control. Ahimsa Nonviolence Central to political resistance and social change. Satya Truth Politics must align with moral and spiritual truth. Swaraj Self rule Emphasizes individual and collective self discipline. Means and Ends Moral means are essential ends don't justify unethical methods. Civil Disobedience Peaceful resistance to unjust laws as a form of moral protest. *The Core of Gandhi's Philosophy* Unto Tähtinen, 1979 *Gandhi's Philosophy of Action* Prem Anand Mishra, 2020-01-01 What are the elements that really constitute an action in Gandhi's worldview? What is the basis and nature of his action? How his views on action are related to his metaphysics theory of knowledge and ethics? From where does he get inspiration for his views on the action? As action relates the individual to others how does Gandhi see the relation between the self and other? Is there any action or actions needed for oneself before engaging with others? As Gandhi tends to adhere to the Hindu philosophical tradition and of which the law of karma is an integral part then how does Gandhi get influenced by and reflect on the law of karma? This book essentially deals with these questions. It attempts to explore and construct Gandhi's philosophy of action through a discursive journey of his writings. It argues that Gandhi's philosophy of action is the outcome of his unified metaphysics epistemology and ethics. It marks out that his philosophy of action comprises three essential inseparable components: universal love responsibility and detachment. *Perspective, Philosophy And Legacy Of Mahatma Gandhi* Dr. C.S.Desai, Mahatma Gandhi believed in truth non violence and simplicity as the foundation of life and social change. His philosophy of Satyagraha promoted peaceful resistance against injustice leading India to independence. Gandhi's legacy continues to inspire movements for freedom equality and non violence around the world. Believed in truth Satya and non violence Ahimsa Followed peaceful resistance through Satyagraha Promoted simplicity self reliance and equality Led India's freedom struggle non violently Inspired global movements for peace and human rights Gandhi Michael Leicht, 2008-08 Seminar paper from the year 2006 in the subject Philosophy Philosophy Beyond Occidental Tradition grade A Hindu University of America Hindu University of America course Term Paper 9 entries in the bibliography language English abstract Formal gliedert sich die Arbeit in drei Teile. Zunächst werden die wichtigsten Konzepte von Gandhis Denken geklärt: Satya Wahrheit Ahimsa Nicht Gewalt Satyagraha etc. Anschliessend wird der Einfluss bestimmter heiliger Schriften und bedeutender Persönlichkeiten auf Gandhis philosophisches und religiöses Denken aufgezeigt. Schliesslich wird Gandhi mit Sokrates Aristoteles Kant und Kirkegaard etc. verglichen. Den Schluss bildet eine Sammlung von wichtigen Gandhi Zitaten. Pax Gandhiana Anthony J Parel, 2018-01-02 Notwithstanding his contributions to religion nonviolence civil rights and civil disobedience among other areas Gandhi's most significant contribution is that as a political philosopher While he is not often treated as such Gandhi was as Anthony J Parel argues a political philosopher sui generis both in his philosophical method of constant self criticism and his framework of philosophical analysis Gandhi wrote daily on politics but he did so as an activist political philosophy was to him not just a way of understanding truths of political phenomena but was directly related to understanding those truths in action If realized in action these truths would give rise to new political institutions which in turn would create a corresponding peaceful political and social order Parel dubs this order Pax Gandhiana The main contention of Pax Gandhiana is that peace cannot be achieved by politics alone Peace requires the confluence of the canonical ends of life politics and economics artha ethics dharma forms of pleasure kama and the pursuit of spiritual transcendence moksha Modern political philosophy isolates politics from the other three ends but Gandhi's originality according to Parel lies in the way that he brings all four together In fact Gandhi's political philosophy is relevant not only to India but also to the rest of the world it is a new type of sovereignty that harmonizes the interest of individual states with the community of states Arguing against scholars who dispute a theoretical unity in Gandhi's writings Parel suggests that Gandhi is the preeminent non western political philosopher and in this book he seeks to identify the conceptual framework of Gandhi's political philosophy the Pax Gandhiana
