King Arthur's Modern Return Debra N. Mancoff, 2014-04-23 The Arthurian legend closes with a promise On a distant day when his country calls the king will return His lost realm will be regained and his shattered dream of an ideal world will at last be realized This collection of original essays explores the issue of return in the modern Arthurian legend With an Introduction by noted scholar Raymond H Thompson and 13 essays by authors from the fields of literature art history film history and folklore this collection reveals the flexibility of the legend Just as the modern legend takes the form current to its generation the myth of return generates a new legend with each telling As these authors show return can come in the form of a noble king or a Caribbean immigrant with the mystery of an art theft or a dying boy's dream

The Grail Legend in Modern Literature John Barry Marino, 2004 The Grail legends have in modern times been appropriated by a number of different scholarly schools of thought their approaches are analysed here This study shows how modern including postmodern adaptations of the Grail legend correspond to trends in the scholarly community and how the legend has been appropriated by competing world views There are three parallel trends in Grail scholarship and modern adaptations of the legend controversy over Christian or pagan origins secularization by way of humanism and esoteric mysticism These three trends reflect movements in popular culture Relativism and multiculturalism influence Christian pagan cultural conflict in the adaptations Mythographers maintain the legend's appeal in a humanist culture by considering the Grail metaphor rather than material actuality modern adaptations then transform the Grail from a particularly Christian symbol to one with universal application in an increasingly secular society Modern esoteric spiritualities allow the Grail actuality with flexible meaning This study then demonstrates how the Grail legend is transformed and adapted from medieval to modern cultures and continues to evolve today JOHN B MARINO is adjunct instructor Maryville University and Saint Louis

University **Deepak Chopra's Lords of Light** Deepak Chopra,1999 *Science of Spirit* Robert Donald
Tonelli,2011-01-17 Beyond the Secret Beyond the Power of Now is the Science of Spirit a Deeper look at life Why are we here
alive on planet earth trapped in a life of 9 to 5 wage slavery Science of Spirit Lost Keys to the Kingdom of Heaven on Earth
shows that all life on planet earth and in the universe is based on an evolution of consciousness from the beginning of
timethe Big Bang It clarifies the connectedness of all life with Science and to Spirit through the understanding of world old
Hermetic Teachings in a balance of Reason and Faith Consciousness is the very fabric that all form is made out of and is the
ground of all beingness of life Consciousness and the energy that makes up matter are inextricably combined or linked
emerging in a sequence of events called occasions of experience that ultimately create our experiences in life and our reality
The universe isnt made of things or particles Its a process Its made up of events The result of this evolution of consciousness
is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super conscious
species of humanity moving through an Omega Point in time between 2011 2013 These Hermetic Teachings were clarified
for me through the teaching of Ramtha and his Ancient Gnostic School much of what I have learned in 20 years my
philosophy of life has its foundation in Ramthas philosophy Our accelerating consciousness is moving to a quantum existence
of Spirit in Mass God Man realized alive with all the lower species of life specifically the Sheeple of Economic Western
Society The Science of Spirit is based on my personal experience my research and my understanding of the ancient
philosophy that this work comes from It uses from research the philosophy and experience of other very credible people that
have studied different aspects of a Science of Spirit as a philosophy to live by I use this eclectic approach to build an accurate
model of reality based in consciousness that allows us to create our own reality once we rid ourselves of the illusions of
society This approach gives credibility to my overall viewpoint a modern interpretation of a very old philosophy and way of
life A Science of Spirit that is inherent in Mother Nature It goes in depth about understanding What Consciousness Is An
Analogical State of Awareness that is continuously evolving faster and faster to the eternal Now Moment It uses the
discovery of a new perspective of the Mayan Calendar that is supposed to end in a religious Apocalypse at The Omega Point
in time around 2012 as its foundational understanding of an Evolution of Consciousness on earth This philosophy and
research show an Evolution of Consciousness a rising of an Analogical Awareness of life revealing a Science to the nature of
Spirit It explains from a new perspective this battle between the Forces of Good and Evil at The End of Time This Ancient
Science of Spirit philosophy explains how the primeval forces of life Spirit that are inherent in Mother Earth growing for 16 4
billion years are pitted against the dogmatic stagnant god fearing personalities that runs the Engines of Commerce of our
Global Society with their focus on monetary control of the people and the planet This is a real life battle between evolving
evolutionary beings against the Anti Christ Social Consciousness of The Multi National Corporations Religious dogmas talk
about an Apocalypse at the end of time to help warn us of our impending doom the remarkable thing is that the word

Apocalypse means the lifting of a veil or a disclosure to certain privileged persons of something hidden from the majority of humankind I will show in this book that the lifting of a veil is a rising of consciousness that knows no fear of the unknown and clarifies ancient predictions of the end days and the real battle of Armageddon This ancient Science *Asian American Literature* Keith Lawrence,2021-08-25 *Asian American Literature An Encyclopedia for Students* is an invaluable resource for students curious to know more about Asian North American writers texts and the issues and drives that motivate their writing This volume collects in one place a breadth of information about Asian American literary and cultural history as well as the authors and texts that best define it A dozen contextual essays introduce fundamental elements or subcategories of Asian American literature expanding on social and literary concerns or tensions that are familiar and relevant Essays include the origins and development of the term Asian American overviews of Asian American and Asian Canadian social and literary histories essays on Asian American identity gender issues and sexuality and discussions of Asian American rhetoric and children s literature More than 120 alphabetical entries round out the volume and cover important Asian North American authors Historical information is presented in clear and engaging ways and author entries emphasize biographical or textual details that are significant to contemporary young adults Special attention has been given to pioneering authors from the late 19th century through the early 1970s and to influential or well known contemporary authors especially those likely to be studied in high school or university classrooms *Silk and Potatoes* Adam Roberts,2022-06-08 This study constitutes the first to analyse the remarkable surge in popularity of Arthurian literature and art in the modern period from a broad range of instances of cultural production More novels with Arthurian themes have been published since the war than in any previous period and *Silk and Potatoes* provides detailed readings of some of the most famous including works by Marion Zimmer Bradley Anthony Burgess C J Cherryh Guy Gavriel Kay Mary Stewart Jack Vance and T H White In addition to examining Arthurian fiction with chapters on the general novel Historical fiction and Science Fiction this study examines the key cinematic examples of Arthuriana Boorman s *Excalibur* Bresson s *Lancelot du Lac* Rohmer s *Perceval Le Gallois* and *Monty Python and the Holy Grail* A further chapter goes on to look at the myriad other forms of cultural production based on Arthurian themes from *Bugs Bunny* to *Pop Music from the Camelot of JFK* to the *British National Lottery* This is a study that touches on many aspects of Arthuriana whilst developing two connected arguments about on the one hand the necessary anachronism of any modern Arthurian Literature and on the other the aesthetic political implications of this literature s success The whole whilst rooted in the scholarly debates on the enduring appeal of King Arthur is written in an accessible and entertaining style It will be of interest to students and teachers of Arthurian literature film and popular culture **The Soul of Shamanism** Daniel C.
