The Wave Todd Strasser,1981-09-15 The Wave is based on a true incident that occurred in a high school history class in Palo Alto California in 1967 The powerful forces of group pressure that pervaded many historic movements such as Nazism are recreated in the classroom when history teacher Burt Ross introduces a new system to his students And before long The Wave with its rules of strength through discipline community and action sweeps from the classroom through the entire school And as most of the students join the movement Laurie Saunders and David Collins recognize the frightening momentum of The Wave and realize they must stop it before it s too late [The Palgrave Handbook of Violence in Film and Media](#) Steve Choe,2022-11-09 The chapters contained in this handbook address key issues concerning the aesthetics ethics and politics of violence in film and media In addition to providing analyses of representations of violence they also critically discuss the phenomenology of the spectator images of atrocity in international cinema affect and documentary violent video games digital infrastructures cruelty in art cinema and media and state violence among many other relevant topics The Palgrave Handbook of Violence in Film and Media updates existing studies dealing with media and violence while vastly expanding the scope of the field Representations of violence in film and media are ubiquitous but remain relatively understudied Too often they are relegated to questions of morality taste or aesthetics while judgments about violence can themselves be subjected to moral judgment Some may question whether objectionable images are worthy of serious scholarly attention at all While investigating key examples the chapters in this handbook consider both popular and academic discourses to understand how representations of violence are interpreted and discussed They propose new approaches and raise novel questions for how we might critically think about this urgent issue within contemporary culture [T-Kit, Volume 12](#) Council of Europe,2012-01-01 **Books in Print** ,1982 **The Wave** Morton Rhue,2016-08-04 Why didn t anyone stop them Laurie s classmates are changing from normal teenagers into chanting saluting fanatics The Wave is sweeping through the school and it is out of control Based on a nightmarish true episode in a Californian high school this story of a fascinating experiment in World War II studies 4 me de couverture *The Wave* Lochlan Bloom,2016-01-29 Just how far is it from London to Gotham City Or from Paul Auster to Pierre Menard for that matter Some people may think these sorts of questions are idle and ultimately meaningless but this book is not for them Three intertwined narratives play out as the stories of an isolated loner DOWN a depressed publisher and David Bohm a real life quantum theoretician in post war S o Paulo become entangled The closer each of these trails leads to the dark centre of the world the more reality disintegrates Dualities of certainty and doubt hope and fear and reason and nonsense drag each of the characters struggling into an absurd labyrinthine world of seemingly infinite regress
