The Wild Heart:

The Wild Heart (Classic Reprint) Emma-Lindsay Squier,2019-01-17 Excerpt from The Wild Heart The author of this book pronounces it very simple having no literary style or value Perhaps this estimate indicates modesty on her part but it is not the truth concerning the book Thoreau once wrote It takes two to speak the truth one to speak and the other to hear Those of us who have made our own path through the wilds know the truth when we hear it The first law that can be laid down concerning any work worthy to be put into the hands of the public is the old law that every writer should write concerning matters of his own personal observation When ever any writer follows this old rule working with sincerity of heart with inborn insight concerning his chosen subject following the promptings of a simple human heart and using a certain facility in the choice of words which is a gift of God primarily that author must evolve good work Laying down these specifications as law which governs every masterpiece that ever has been produced it will be observed that The Wild Heart follows them as naturally as water flows to the sea possibly as unconsciously To anyone who knows the fields and woods the book carries the conviction of truth Those who do not know nature will not believe many of these statements because they have not learned that when one goes into the haunts of the wild calmly fearlessly absolutely in tune with Nature one is perfectly safe The people who go to fraternize with the free creatures to learn the secrets of Nature to protect to love to fellowship with the wild wear an invincible armor Enos Mills will tell you that he tramps the Rocky Mountains for weeks at a time absolutely without a weapon Arthur Heming will tell you that he travels Canada from side to side north and south passing all kinds of wild creatures at all seasons and under any conditions and nothing touches him I can tell you that my face has been within two feet of a coiled rattlesnake ready to strike but it did not strike Two minutes later a man antagonistic to the wild passed the same location and immediately the snake disclosed itself and was ready to fight About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Wildheart Tish Hand,2002-10 Simon Fraser and his young assistant Tom McElrath are back again after their initial adventures in *The Borgia Blade* Two beheadings thirty years apart send Professor Fraser and Tom on the trail of murder and adventure when they encounter the world's most formidable medium Millicent Zacharias who would scare hell out of Jack the Ripper There's a strange murder and yet another slaying The final strange uncovers two further attempts at murder Are there two killers or only one Is one of the older crowd guilty Or perhaps there's a killer amongst the young Is there an avenging child about What did the doctor know that was so dangerous Why the sudden change from saber to poison Some of Simon's

university colleagues are involved most particularly a much despised colleague of yesteryear If only I could prove Roland Jepson did the dirty deeds I d cheerfully see him fried says an irritated Simon As usual the sore tried but patient Lieutenant Campbell has to put up with his good friend s penchant for maddening secrets but in the end the shadows fade and Simon does it again as he did in the case of The Borgia Blade
