

## CHAPTER 5: RESEARCH DESIGN AND METHODOLOGY

### 5.1 INTRODUCTION

In Chapter One an orientation of the research was provided. This study focuses on the needs and competencies of school sport managers. These are required for the sport management training of educators, in accordance with the diverse needs of South African schools (cf. par. 1.3.2, p. 12). As a result of the problem statement referred to in Chapter One, the all-encompassing aim of this study is to develop a sport management programme for educator training. It is essential to analyse the existing knowledge, as a background to the current study. In this way, the researcher endeavours to generate new knowledge, which could make sport management and educator training more purposeful, efficient and sustainable. Consequently, this chapter strives to operationalise the theme of the research design and methodology in the current study, as well as to substantiate the choices made in the study.

The research design is applied so that suitable research methods are used to ensure the attainment of the goals and objectives set out in Chapter One. Hence the **reason (rationale)** for a discussion of the research design and methodology: Firstly, this is to provide the plan or blueprint for the research. Secondly, this should enable the researcher to anticipate the appropriate research design, to ensure the validity of the final results. Nevertheless, it is important that different views are analysed; thereafter, the methodology will be discussed. However, first it is important to consider a theoretical framework for the research design.

### 5.2 THEORETICAL FRAMEWORK FOR THE RESEARCH DESIGN AND METHODOLOGY

One of the challenges facing the researcher is the difficulty in relating to and understanding the role and importance of theory in research. Consequently, the concept of theory necessitates some clarification. In this regard, Verma and Mallick (1999:6) as well as Blumberg, Cooper and Schindler (2011:36) are of the opinion that the main role of theory is to help to guide the researcher. In the social sciences, it usually implies a set of statements describing and explaining the relationship between human behaviour and the factors that affect or explain it. Paraphrasing Best and Khan (2006:10), a theory could best be described as an attempt to develop a general explanation for some phenomenon. More specifically, a theory, according to these authors, defines non-observable constructs that are inferred from observable facts and events, and are thought to have an effect on the phenomenon under study. It further implies that a theory describes the relationship among key variables for explaining a current state or predicting future concurrences.

**A Project Management Approach for Supply Chain Management to Sustain Growth and Performance at Suppliers** Louis Jansen van Rensburg, 2013-09-12 Doctoral Thesis Dissertation from the year 2013 in the subject Business economics Supply Production Logistics grade A Atlantic International University Business School of Economics course Doctor of Project Management PhD language English abstract Supply chain especially procurement drives almost 70% of commodities daily in companies to sustain the performance for strategic intent Working in an environment where teams function cross functional and also building relationships with suppliers performance normally give rise to high expectations both for the company contracting suppliers and the suppliers conducting various tasks contractually to fulfil demanding orders Defence and contractual defence commodities in South Africa has decreased exponentially since 1980 till 1994 even so today that many suppliers have lost their skills and manufacturing ability to enter a market that is very risky today Besides the normal performance measurement rating a supplier as an approved supplier the author argued with existing frameworks how little modern and well established companies know about their suppliers contributing to strategy Taking the conceptual frameworks based on performance quality SRM Supplier Relationship Management and SOB Supplier Organisational Behaviour the author is of opinion that suppliers can be measured using organisational behaviour concepts to enhance performance at suppliers The research will contribute new ideas developed by others as a concept to gain information about the behavioural patterns why key suppliers contributing for Company X cannot perform effectively and efficiently By means of a survey targeting key suppliers the research formulated wanted to gain tacit information about the following elements that drives performance from a project management approach The hit and significance of augmented reality. Application and treatments in tertiary education Avery Jerome Agboro, 2016-10-27 Case Study from the year 2016 in the subject Computer Science Commercial Information Technology grade Merit language English abstract The related study researched the effect of Augmented Reality AR on understudies learning inside a tertiary training setting Unequivocally it measured learning upgrade levels inspiration and the apparent acknowledgment of the innovation as members occupied with a lesson identifying with the human mind life systems An aggregate of 80 exploration members from the Middlesex University Mauritius Branch Campus participated in the study They were selected from an assortment of offices and relegated arbitrarily in a split 40/40 proportion to 2 bunches 1 Augmented Reality Instruction ARI and 2 Traditional Instruction TI In light of their allotted bunches members were either treated to Augmented Reality based directions or Traditional 2D guidelines Toward the end of the lesson members from both gatherings were required to take a post test taking into account what they had learnt Moreover members that participated in the Augmented Reality Instruction treatment were additionally required to take a Technology Acceptance test Investigation of results got from the post tests of both ARI and TI treatment bunches highlighted a solid huge distinction in learning picks up Furthermore the Technology Acceptance test taken by the ARI bunch likewise demonstrated that the utilization of AR positively affected understudies

inspiration to learn furthermore reflected as the fundamental purpose behind their acknowledgment of the innovation

**Development of a new competence and behaviour model for skills in working with people for project managers** Eddie Fisher, 2008-06-10 Doctoral Thesis Dissertation from the year 2006 in the subject Business economics Business Management Corporate Governance The Open University Open University Milton Keynes United Kingdom language English abstract The growing penetration of projects as a way of organising work in many organisations has created a shortcoming between what companies expect in terms of project delivery and the way in which their project managers execute projects The constantly changing demands have created a need for project managers to manage the people in their projects more effectively to meet these expectations A review of the general and project management literature has revealed that a shortcoming exists and the nature of this shortcoming What used to be appropriate skills in working with people are no longer adequate now that working practices are changing in response to increases in pressures to achieve better results This thesis has developed a competence and behaviour model for skills in working with people for project managers that provides the means to fill the shortcoming The exploration to develop this model has taken place mainly through interviews with project managers from the community of practice in United Kingdom organisations supplemented by the participatory research observations of the researcher as a practising project management professional The research focus was on the impact humans make in the activities of project management within a socially constructed world The research considered competences and behaviours of skills in working with people for project managers and therefore had to deal with the meaning that people put on their observations As a consequence their descriptions have been collected analysed and interpreted by applying a constructivist interpretivist approach within a phenomenological research paradigm The results from this study are of interest to both academics and the community of practice in project management The new competence and behaviour model of skills in working with people for project managers can be incorporated in future editions of bodies of knowledge such as those promoted by the PMI APM or IPMA and other people competence models in the area of general management

**Identification and Evolution of Future (Mega-) Trends in Logistics** Manuel Siekmann, 2011-10-05

Master s Thesis from the year 2009 in the subject Business economics Supply Production Logistics grade 1 0 European Business School International University Schlo Reichartshausen Oestrich Winkel language English abstract The objective of this thesis is to get an overview of the status quo of logistics service providers future orientation and their exposure to corporate foresight thinking and methodologies of futures studies as well as to identify specific future challenges in an attempt to comprehensively investigate how service providers prepare for upcoming challenges An important managerial implication of the study is to create awareness among the participating companies of the potential of foresight and its various methods for applications in the ever more complex and rapidly changing logistics industry The underlying assumption is that logistics service providers are heavily impacted by their external context Moreover foresight activities and methodologies are

in accordance with the title of the thesis assumed to be of benefit for the identification and evolution of future trends and their corresponding strategic relevance In line with the mentioned research goals the benefits of this thesis are twofold First it contributes to the emerging discussion on foresight activities in corporations by adding an industry specific analysis Second this thesis can help draw the attention of decision makers to the fact that foresight might become one of the most important sources of competitive advantage in tomorrow s economy Unethical Behavior of Auditors Fotini

**Narcissism and Conspicuous Consumption of Adolescents in Russia** Maria Ushakova, 2017-10-30 Master s Thesis from the year 2017 in the subject Sociology Consumption and Advertising grade 96 100 language English abstract The general idea of this master thesis is to investigate the phenomenon of conspicuous consumption in Russia from a totally new perspective the perspective of a young generation of consumers with a set of motivation Thus the aim of this research is to examine the interdependence between narcissism and conspicuous consumption in young generation of Russian consumers The purchasing of goods in order to demonstrate the wealth and power for the further purpose of the status maintenance is not a new tendency for Russia nowadays Conspicuous consumption is frequently linked with the post communist countries consumers of those are the worldwide famous for their love to luxury goods Thus historically the term refers to the upper class people who purchase expensive brand products in a pursuit of prestige and honor However with the time and many political economic and social media influences the phenomenon itself has developed Goods demonstrators main players and the initial purposes have been shifted significantly As one of the main change the self related motives became one of the most important group of drivers of the purchasing decision what is especially interesting to see among the non mature consumer segment of the country young generation Being grown in modern consumer societies and spoiled by wide variety of choices ironically young people tend to consume goods to feed their self love Having purchased a novelty of the season a modern youngster hurries to make selfie

and post it in social network to get some approvals and or admiration measuring in likes Many scientists worldwide claim that such a habit may root in much deeper reason than just the age of technology and even assign it to personal complexes Deriving from the childhood those complexes cause in the chronicle narcissism which is dramatically increasing in people of modern society

*The Role of Faith Based Therapy in Treating Depression in African Americans* Jacquelyn Claude, 2019-04-25 Master s Thesis from the year 2011 in the subject Psychology Consulting and Therapy grade A Walden University Public Health language English abstract The purpose of this critical literature review study is to review the existing research related to faith based counseling and its specific use for treating depression symptoms among African American adults Forty seven peer reviewed articles from the professional literature were selected for review based on relevance to African Americans and faith based organizations Results of the review indicated the need to critically evaluate efficacy of faith based programs based on scientifically determined outcomes The implications for positive social change include increased access to affordable healthcare in a trusting environment decreased prevalence rates for depression in African Americans and reduction in disparities in mental healthcare delivery Current research has indicated that there are disparities in mental healthcare treatment that are affecting African Americans The literature has not strongly supported the use of spiritual leaders as counselors primarily because of a lack of certification in mental health counseling among clergy However the literature has shown that religious faith can have a positive effect on quality of life

*Optimum Capital Structure* Lutfa Ferdous, 2019-05-23 Thesis M A from the year 2009 in the subject Business economics Economic Policy grade M B A University of Dhaka course Master of Finance language English abstract Capital structure is one of the most converse and vital issues both in finance literature and practical research This research deals with the theoretical and empirical aspects of capital structure decision It is observed that the determination of debt ratio is subtle and sophisticated to determine and its estimation is still a matter of debate and yet there is no entirely satisfactory theoretical model for forecasting the optimal debt ratio in the firm s capital structure There is little consensus on how firms choose their capital structure and how the firm specific factors influence the shape of the capital structure This research develops a link between theory and practice of capital structure This study has supported a set of sample firms to show the impact of six factors determinants on the financial leverage and how they comply with the findings derived by different previous theories regarding these factors Least Square method has been used to assess the influence of defined explanatory variables on the capital structure by using the dataset of Bangladeshi manufacturing firms for the period 2000 to 2004 Out of Six examined explanatory variables agency equity agency debt Bankruptcy profitability are statistically significant determinants of financial leverage Otherwise growth rate and operating leverage are found to be insignificant Agency equity agency debt bankruptcy operating leverage profitability growth rate all these are showing a negative relation with the dependent variable Also this paper suggests that the institutional context and macroeconomic events play an essential role in the capital structure

decisions of Bangladeshi companies It would seem appropriate that further research should focus on the role played by the institutional framework such as the impact of taxation the practice of good corporate governance legal and regulatory structure

**The Specification of Street Lighting Needs. Final Report** V. Gallagher,1975 Risk Management and the Rate of Project Success within Multi-Projects Environment Emmannuel Ezeoke,2016-02-03 Master s Thesis from the year 2012 in the subject Business economics Miscellaneous grade 1 5 course MSc Project management language English abstract

This is research has the intention to examine risk management in multi project environment with the aim of finding out how organizations do their risk implementations and if the implementation of risk processes within participant organizations has any impact on the rate of project success within a multi project environment As found in most literatures project risk management has concentrated more on single standalone projects as opposed to managing project risk as portfolio where lesson learned from one project could be of benefit to another project within the same project environment As risk management in projects has evolved over the recent decades as an integral part of project management in recent time it has gained tremendous attention within the industrial sector because of an increased awareness about the relationship between efforts to reduce risk and project success Within the academic community there is the existence of gap in literatures regarding risk management in multiple project environments and for the fact that the research that has been performed within the academic community has largely focused on the idea of risk management occurring in single project environments the research will be aimed at how risk management is implemented within the organizations that will be examined in order to draw up conclusion if risk is better managed at single project level or at multi project level

### Chapter 5 Research Design And Methodology 5 1 Introduction Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Chapter 5 Research Design And Methodology 5 1 Introduction free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Chapter 5 Research Design And Methodology 5 1 Introduction free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Chapter 5 Research Design And Methodology 5 1 Introduction free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the

authenticity of the source before downloading Chapter 5 Research Design And Methodology 5 1 Introduction. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Chapter 5 Research Design And Methodology 5 1 Introduction any PDF files. With these platforms, the world of PDF downloads is just a click away.

### **FAQs About Chapter 5 Research Design And Methodology 5 1 Introduction Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
