Freemason:

Freemasonry Mark E. Koltko-Rivera, 2011-01-20 An experienced Freemason and award winning psychologist provides a precise and engaging exploration of the core meaning and practices of Freemasonry for the new generation of people interested in joining the order and those who are simply curious in the wake of recent media coverage Entertaining books and movies often depict Freemasonry as a shadowy mysterious and possibly sinister organization and the TV and magazine specials on Freemasonry that inevitably follow often leave us with more questions than answers Mark E Koltko Rivera a practicing thirty second degree Mason has created a simple authoritative and easy to understand introduction to the history rites and meaning of Freemasonry It may be the single most reliable short guide to Masonry written by a widely recognized psychologist and scholar of esoteric history Koltko Rivera s trustworthy handbook explores all the basic issues around Masonry like What is Freemasonry and what is its history How does one become a Freemason What are some of the most important Masonic symbols What do Masons get from their involvement in Freemasonry What changes does it make in their inner and outer lives What is it like to participate in the initiatory rituals of Freemasonry What are some of the great historical controversies and myths surrounding Freemasonry How is Masonry relevant today *The Freemason's Repository* ,1888 *Freemasons For Dummies* Christopher Hodapp, 2011-03-03 Fascinated by Freemasons Freemasons For Dummies is the internationally best selling introduction to the Masons the oldest and largest secret society in the world This balanced eye opening guide demystifies Freemasonry explaining everything from its elaborate rituals and cryptic rites to its curious symbols and their meanings Find out what goes on in a Masonic meeting You ll understand the true purposes of Masonic secrecy and philosophy meet famous Masons throughout history and discover related organizations like the Knights Templar the Scottish Rite Order of the Eastern Star and the Shriners Explore the controversies and conspiracy theories that swirl around this organization at the center of Dan Brown s novel The Lost Symbol and discover the changes coming to the Craft

The Freemason and Masonic Illustrated. A Weekly Record of Progress in Freemasonry ,1918 **Freemasonry** Andreas Önnorfors, 2017-08-17 Freemasonry is one of the oldest and most widespread voluntary organisations in the world Over the course of three centuries men and women have organized themselves socially and voluntarily under its name With a strong sense of liberation moral enlightenment cosmopolitan openness and forward looking philanthropy freemasonry has attracted some of the sharpest minds in history and has created a strong platform for nascent civil societies across the globe With the secrecy of internally communicated knowledge the clandestine character of organization and the enactment of rituals and the elaborate use of symbols freemasonry has also opened up feelings of distrust as well as allegations of secretiveness and conspiracy This Very Short Introduction introduces the inner activities of freemasonry and the rituals symbols and practices Looking at the development of the organizational structure of masonry from the local to the global level Andreas nnerfors considers perceptions of freemasonry from the outside world and navigates through the prevalent

fictions and conspiracy theories He also discusses how freemasonry has from its outset struggled with issues of exclusion based upon gender race and religion despite promoting tolerant openness and inclusion Finally nnerfors shines a light on the rarely discussed but highly compelling history of female agency in masonic and para masonic orders ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **The freemason's treasury, 52 short lectures on the theory and practice of symbolic masonry** George Oliver,1863 The Freemason's Chronicle ,1898 **The Freemason and Masonic Illustrated. A Weekly Record of Progress in Freemasonry** ,1899 The New England Freemason Sereno Dwight Nickerson,Charles H. Titus,1874 **The Brotherhood of Freemason Sisters** Lilith Mahmud,2014-03-28 This stupendous ethnography of female Freemasonry in Italy reveals the fascinating paradox of elitism and exclusion experienced by female brothers Michael Herzfeld author of *Evicted from Eternity* From its cryptic images on the dollar bill to Dan Brown s *The Lost Symbol* the Freemasons have long been one of the most romanticized secret societies in the world But a simple fact escapes most depictions of this elite brotherhood there are also female members In this groundbreaking ethnography Lilith Mahmud takes readers inside Masonic lodges of contemporary Italy where she observes the ritualistic and fraternal bonds forged among Freemason women Offering a tantalizing look behind lodge doors *The Brotherhood of Freemason Sisters* unveils a complex culture of discretion in which Freemasons reveal some truths and hide others Female initiates one of Freemasonry s best kept secrets are often upper class and highly educated yet avowedly antifeminist Their self cultivation through the Masonic path is an effort to embrace the deeply gendered ideals of fraternity In this lively investigation Mahmud unravels the contradictions at the heart of Freemasonry an organization responsible for many of the egalitarian concepts of the Enlightenment and yet one that has always been and in Italy still remains extremely exclusive The result is not only a thrilling look at a surprisingly influential world but a reevaluation of the modern values we now take for granted *Masonic Temples* William D. Moore,2006 In *Masonic Temples* William D Moore introduces readers to the structures American Freemasons erected over the sixty year period from 1870 to 1930 when these temples became a ubiquitous feature of the American landscape As representations of King Solomon s temple in ancient Jerusalem erected in almost every American town and city Masonic temples provided specially designed spaces for the enactment of this influential fraternity s secret rituals Using New York State as a case study Moore not only analyzes the design and construction of Masonic structures and provides their historical context but he also links the temples to American concepts of masculinity during this period of profound economic and social transformation By examining edifices previously overlooked by architectural and social historians Moore decodes the design and social function of Masonic architecture and offers compelling new insights into the construction of American masculinity

Four distinct sets of Masonic ritual spaces the Masonic lodge room the armory and drill room of the Knights Templar the Scottish Rite Cathedral and the Shriners mosque form the central focus of this volume Moore argues that these spaces and their accompanying ceremonies communicated four alternative masculine archetypes to American Freemasons the heroic artisan the holy warrior the adept or wise man and the frivolous jester or fool Although not a Freemason Moore draws from his experience as director of the Chancellor Robert R Livingston Masonic Library in New York City where he utilized sources previously inaccessible to scholars His work should prove valuable to readers with interests in vernacular architecture material culture American studies architectural and social history Freemasonry and voluntary associations

The Freemason's Monitor Thomas Smith Webb, 1859 **The Freemasons** Jasper Godwin Ridley, 2001 A British historian who is not a Freemason debunks myths about Freemasonry being a threat to civilization as he traces this secret brotherhood's origins in Medieval building guilds role in the French and American Revolutions scandals anti Mason sentiment spread worldwide and modern presence in Britain and the US This is a reprint of a 1999 book c Book News Inc *The Freemason's Repository* ,1886 The Freemason's Monthly Magazine ,1873 American Freemason ,1859 **Freemason's Monthly** ,1875 Freemasonry Mark Stavish, 2007 An exploration of Freemasonry and its history philosophy symbols and practices
