Java in a Nutshell Benjamin J Evans, Jason Clark, David Flanagan, 2023-02-14 This updated edition of the Nutshell guide not only helps experienced Java programmers get the most out of versions through Java 17 it also serves as a learning path for new developers Chock full of examples that demonstrate how to take complete advantage of modern Java APIs and development best practices this thoroughly revised book includes new material on recent enhancements to the Java object model that every developer should know about The first section provides a fast paced no fluff introduction to the Java programming language and the core runtime aspects of the Java platform The second section is a reference to core concepts and APIs that explains how to perform real programming work in the Java environment Get up to speed on language details through Java 17 Learn object oriented programming using basic Java syntax Explore generics enumerations annotations and lambda expressions Understand techniques used in object oriented design Examine how concurrency and memory are intertwined Work with Java collections and handle common data formats Delve into Java s latest I O APIs including asynchronous channels Become familiar with development tools in OpenJDK

Java in a Nutshell David Flanagan, 2005-03-15 With more than 700 000 copies sold to date Java in a Nutshell from O Reilly is clearly the favorite resource amongst the legion of developers and programmers using Java technology And now with the release of the 5 0 version of Java O Reilly has given the book that defined the in a Nutshell category another impressive tune up In this latest revision readers will find Java in a Nutshell 5th Edition does more than just cover the extensive changes implicit in 5 0 the newest version of Java It s undergone a complete makeover in scope size and type of coverage in order to more closely meet the needs of the modern Java programmer To wit Java in a Nutshell 5th Edition now places less emphasis on coming to Java from C and C and adds more discussion on tools and frameworks It also offers new code examples to illustrate the working of APIs and of course extensive coverage of Java 5

0 But faithful readers take comfort it still hasn't lost any of its core elements that made it such a classic to begin with This handy reference gets right to the heart of the program with an accelerated introduction to the Java programming language and its key APIs ideal for developers wishing to start writing code right away And as was the case in previous editions Java in a Nutshell 5th Edition is once again chock full of poignant tips techniques examples and practical advice For as long as Java has existed Java in a Nutshell has helped developers maximize the capabilities of the program's newest versions And this latest edition is no different
