Great Directors at Work David Richard Jones, 1986-06-04

The subject of this book is theatre directing in four internationally famous instances The four directors Konstantin Stanislavsky Bertolt Brecht Elia Kazan and Peter Brook all were monarchs of the profession in their time Without their work theatre in the twentieth century so often called the century of the director would have a radically different shape and meaning The four men are also among the dozen or so modern directors whose theatrical achievements have become culture phenomena In histories theories hagiographies and polemics these directors are conferred classic stature as are the four plays on which they worked Chekhov's *The Seagull* Brecht's *Mother Courage and Her Children* and Williams's *A Streetcar Named Desire* have long been recognized in the theatre and in the study as masterpieces They are anthologized quoted taught parodied read and produced constantly and globally The culturally conservative might question the presence of MaratiSade in such august company but Peter Weiss's play stands every chance of figuring in Western repertories classroom study and theatrical histories until well into the twenty first century In their quite different ways these are all classics of that Western drama which is part of our immediate heritage

Nancy Reagan James G. Benze, 2005 Many thought of her as Queen Nancy Others as the Dragon

Lady But for millions of Americans Nancy Reagan was the always smiling and deeply admiring presidential spouse who stood by her man that image lingers still in the touching picture of a bereaved widow at her husband's casket Nancy Reagan has stirred passionate defenders and acerbic critics in many books and the media James Benze however is the first biographer to discuss the effect of her acting background on her tenure as first lady Unlike earlier biographers he focuses on the way she applied her acting skills to meet the demands of her greatest supporting role As part of a movie troupe Nancy Davis often had the job of flattering the lead actor or helping a star create an outstanding performance As first lady Nancy Reagan did all of this and more whether supplying the president with a missing line at Bitburg or steering him away from the abortion controversy Always outspoken and a target for feminists and others she remained the consummate supporting actor always helping the star Benze portrays Nancy Reagan as a forceful presence behind the Oval Office's closed doors unafraid to take on Donald Regan or Oliver North He documents her clear influence on presidential appointments links her quirky penchant for astrology to her show business past and traces the creation of the Just Say No program to her years in Sacramento showing that it far exceeded the public relations motivation that her detractors claimed Benze reveals how living on a public stage exacerbated the problems in the Reagans relationship with their children which went from bad to worse during the White House years He also covers Nancy Reagan's post Washington life including her vigilant care of the president as he struggled with Alzheimer's disease and her subsequent advocacy of stem cell research that put her at odds with the GOP While Ronald Reagan was the star performer of his presidency his wife glided elegantly at his side as an accomplished co star Benze's book strikes a balance between the images of adoring helpmate and manipulative manager showing us the woman behind the stereotypes and offering a more objective understanding of her place in the history of presidential wives
