Computer Systems Architecture Jean-Loup Baer,1980 Tutorial, Computer System Requirements Kenneth J. Thurber,1980 This tutorial developed over a number of years during an engineering career wherein the author encountered systems design that appeared to contain no design whatsoever Regardless of design goals processes or requirements it

appeared that in corporate America it was the job of marketing departments to designate the requirements satisfied by the end product This collection of articles presents a straw man strategy to help avoid ad hoc designs and to answer the questions and develop the ideas that lead to concrete a priori requirements for systems design
