Stuart S. Dunmore, 2019-07-17 Situated within the interrelated disciplines of sociolinguistics and sociology of language this book explores the language use and attitudinal perceptions of a sample of 130 adults who received Gaelic medium education GME at primary school during the first years of that system's availability in Scotland As the first students to have attended GME are now in their late 20s and 30s this volume offers a timely examination of the long term outcomes of the system in its earliest years and of the future prospects for Gaelic language maintenance and revitalisation in Scotland The book presents in depth discussion and analysis of narratives in order to demonstrate former Gaelic medium students present day relationships to the languages they speak offering fascinating insights into the possible reasons historical ideological and personal for these relationships This book presents the first open assessment of the outcomes of Gaelic medium education in Scotland and offers suggestions for individuals and policymakers seeking to revitalise languages internationally

Family Literacy Practices in Asian and Latinx Families Jorge E. Gonzalez, Jeffrey Liew, Gayle A. Curtis, Yali Zou, 2022-12-06 This book focuses on the literacy beliefs and practices of parents and children from Asian and Latinx heritage backgrounds In the US children from Asian and Latinx immigrant backgrounds represent the largest population of dual language learners in schools While existing research has paid significant attention to the roles of parenting and the home literacy environment on children's literacy development relatively little attention has been allocated to immigrant families Chapters aim to meet the need in the field to understand the roles of culture and immigrant experiences on children's literacy learning and development including immigrant families home environments and parents involvement in literacy related activities in both English and the parents native language As Hispanic Latinx and Asian American populations grow in the US this book answers an urgent call for school systems and child and family professionals to be aware of issues in this area and how to address them in culturally responsive ways

A Selected Bibliography on the Sociology of Language with the Emphasis on Sources on Language Planning in Africa August Dawid de Villiers Cluver, 1996 This work aims to provide the most comprehensive bibliography in the domain of Sociolinguistics and in the field of language planning The 640 page publication gives access to a large percentage of the published literature via a sophisticated thesaurus As the title indicates Africa and specifically southern Africa is covered in great detail Sources on the history and development of the languages of Namibia and Zimbabwe have been included Apart from sources on the languages of Africa the bibliography also offers a comprehensive overview on topics such as language conflict language decline language development and language rights as well as a section on translations and interpreting The categorisation of sources is intended to stimulate researchers and postgraduate students and this makes the bibliography an indispensable tool for librarians and senior academics

Language and Identities in a Postcolony Rosalie Finlayson, Sarah Slabbert, 2005 The book s chapters address issues that are important not only in Southern Africa but also in other parts of the

world Although the focus and much of the data on language and identity are Southern African most of the writers deal with their material in such a way as to locate it within theoretical debates and or illuminate it with insights from related research in other parts of the world The collection belongs to the constructivist paradigm and is one of the few works within this line of research The issue of language and identity examines how language can become symbolic of the individual or group s identity This aspect of language is explored from a variety of angles exhibiting different methods of investigation and this smorgasbord of methods provides ample inspiration for further studies in the field

The Language of the Moldovans
Matthew H. Ciscel, 2007-06-07 Who are the Moldovans The Language of the Moldovans explores this question from the perspective of debates about the languages spoken by the people of this ex Soviet state Locating language as a central point of both cohesion and conflict in the region s recent history the peculiarities of the Moldovans are illustrated by a survey of language attitudes a series of ethnographic interviews and extensive observations by the author The result is an image of an emerging nation that is at once similar to the experiences of other ex Soviet states and uniquely complex Much of that complexity lies in the population s extensive multilingualism and in uncertainty about the Romanian ness of the official language This cross discipline volume is of great interest to advanced students and researchers of linguistics political science and Eastern European studies
