The Side Hustle Nick Loper, 2019-04-22. Make Money and Live Better. The Side Hustle is for people who want or need to earn some extra money outside of their day jobs. Maybe you need a few extra dollars to make ends meet. Maybe you want to pay off debt. Maybe you want to save for a rainy day or for your children's education. Maybe you just want to treat yourself to a nice vacation or a new car without feeling guilty about it. Maybe you're looking for a way out of the corporate world, an escape plan. That's the ultimate financial freedom, right? That's how I got started down this entrepreneurial path, and it's the best choice I ever made. You're willing to work for it because your future is worth working for. But your time is limited, and you may not know where to start. There are a million and one ways to make money online, and everyone wants to sell you their proven system for Internet riches. It's hard to tell what's a scam and what's legit. Real World Examples. This book offers real-world examples of how regular people just like you and me are earning side-hustle income outside of traditional employment. Many have even turned these part-time ventures into full-time businesses, throwing off the shackles of their corporate overlords for good. And the cool thing is, there are no special technical skills or prerequisites to get started with any of the ideas presented. Most don't require any big, scary upfront investment. If you're a fan of Chris Guillebeau, Pat Flynn, or Tim Ferriss, you'll love this. Why Side Hustle? Build Skills. Build Security. Build Income. Build Freedom. My Story. After college, I did what you're supposed to do: I got a job. The problem was almost immediately I found myself looking for a way out. It wasn't that I hated the work or my coworkers, but it just wasn't what I wanted to do with my life. The thought of spending my next 30 years there was terrifying. So, evenings and weekends, I turned my attention online. I'd been dabbling with building rudimentary websites, learning online advertising channels, and even running my own small marketing campaigns for other companies' products to test the waters. And that's what The Side Hustle is about: finding a low-risk way to make more money. Most entrepreneurship books assume you have limitless time and limitless startup capital, but I know from talking to thousands of side hustlers that's simply not the reality. I started small and lean but steadily built up my side hustle until I could say good-bye to corporate work. You can do it too. I'll show you how. What's Inside?
