Georgia J. Woods,2015-08-26 This updated and expanded second edition of the Project Estimating and Cost Management Project Management Essential Library provides a user friendly introduction to the subject Taking a clear structural framework it guides the reader through the subject s core elements A flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the reader understands even the most complex of concepts This succinct and enlightening overview is a required reading for all those interested in the subject We hope you find this book useful in shaping your future career Business **Work Breakdown Structures for Projects, Programs, and Enterprises**

Gregory T. Haugan PhD, PMP,2008-08 Become an Expert on the Work Breakdown Structure The basic concept and use of the work breakdown structure WBS are fundamental in project management In Work Breakdown Structures for Projects Programs and Enterprises author Gregory T Haugan originator of the widely accepted 100 percent rule offers an expanded understanding of the WBS concept illustrating its principles and applications for planning programs as well as its use as an organizing framework at the enterprise level Through specific examples this book will help you understand how the WBS aids in the planning and management of all functional areas of project management With this valuable resource you will be able to Tailor WBSs to your organization s unique requirements using provided checklists and principles Develop and use several types of WBS Use WBS software to gain a competitive edge Apply the 100 percent rule when developing a WBS for a project or program Establish a WBS for a major construction project using included templates Understand portfolio management and establish an enterprise standard WBS **The Project Manager's Guide to Making Successful Decisions** Robert A.

Powell PhD,Dennis M. Buede PhD,2008-12-01 Make Better Decisions While Managing Projects Decision making is critical in project management Lack of decision making knowledge avoidable mistakes and improper definitions can negatively impact your company s ability to generate profit The Project Manager s Guide to Making Successful Decisions is a practical handbook that focuses on the significance of project decision making skills that will all you to reach workable and effective results This valuable resource highlights numerous decisions necessary to support the project management life cycle presents various techniques that facilitate the decision making process provides an overview of decision analysis as it relates to project management and much more Understand different types of decision making processes and cycles Recognize how to frame the decision and gather better information Define alternatives and assessments to make the right decision Analyze

short case studies demonstrating project decision making success **Maximizing Project Value** John Goodpasture
PMP,2013-02-01 Increase Project Value Attain the Goal Maximizing project value is about optimizing the tradeoff between project value and business value two values that are constantly in tension between the project manager and the project sponsor In this book the author brings his wealth of experience in project management to demonstrate how to increase a project s value and ultimately contribute to the attainment of business goals From exploring the nature of value as tangible resources and moral or ethical attributes to how best to approach decision making the book offers thorough coverage of this essential aspect of project management The tools and methods the author describes include Building the business case Using a project balance sheet Employing earned value Introducing game theory for optimizing strategies This valuable reference should be on the desk of every project sponsor business stakeholder project manager portfolio manager project practitioner and functional manager **Maximizing Project Success through Human Performance** Bernardo Tirado
PMP,2013-10-01 Acquire the leadership skills that are the hallmark of the successful project manager Project management is often defined by processes and methodology but projects are accomplished by people Successfully leading those people is the core of a project manager s job Even the seasoned project manager will encounter situations that present unique leadership challenges Bernardo Tirado offers a clear path to help develop leadership skills within the project management framework Using a hands on practical approach he presents a model for taking any project manager s leadership skills to the next level His model focuses on techniques to develop and apply three areas of awareness self awareness awareness of team dynamics and organizational or political awareness The first three parts of the book provide tools for understanding and influencing behavior and the last part brings the three types of awareness together in a case study Exercises throughout make the book interactive and offer a continual assessment of the reader s progress **Strategies for Project Sponsorship** Vicki James,Ron Rosenhead,Peter Taylor,2013-05-01 Optimize the Role of the Project Sponsor The project sponsor is critical to project success yet it is a role that is often assigned to a member of the organization with little knowledge or training in project management practices This creates challenges not only for the sponsor but for the project manager The organization suffers too if key members of the project team are not fully utilized as valuable resources are wasted In Strategies for Project Sponsorship the authors address this challenge from all three vantage points that of the project manager the project sponsor and the organization Based on their practical experience and solid research they offer practical methods that project manager s can use to optimize the participation of the sponsor They also offer clear and straightforward guidance for project sponsors on how to properly execute their duties and contribute to project success Executives will gain valuable perspective on the organization s projects and key players From defining the roles and responsibilities of the project sponsor to suggesting specific practices that maximize the working relationship between the sponsor and project manager this book is the ultimate guide Examples from real world sponsor experiences as well as tips techniques and tools enhance its

applicability and practicality This book should be given to every newly assigned project sponsor read and referred to by every project manager and on the desk of every organizational executive as a reference

Cost Engineering, 2004 **The Essentials of Project Management** Dennis Lock, 1996 An account of project management techniques to fit the needs of the non specialist Concentrating on the tasks of project definition organization estimating planning and control and the role of purchasing the book explains project management procedures and how they should be implemented

American Book Publishing Record, 2002 **Encyclopedia of Business Information Sources** Linda D. Hall, 2008 Each updated edition of this detailed resource identifies nearly 35 000 live print and electronic sources of information listed under more than 1 100 alphabetically arranged subjects industries and business concepts and practices Edited by business information expert James Woy

Subject Guide to Books in Print, 1997 *Journal of the Construction Division* American Society of Civil Engineers. Construction Division, 1977 *Cost and Value Management in Projects* Ray R. Venkataraman, Jeffrey K. Pinto, 2023-03-28
