

A Sleeping Black Boy Poem Analysis

Poem Summary

The poem poignantly portrays a neglected young boy lying face down on the grass beside a bustling city street. His addiction to sniffing glue is evident, and his desperate need for help is symbolized by the overpowering smell emanating from his body. As city life continues around him, the only comfort he finds is in the ambient sounds of nearby water and passing traffic, which serve as a stark contrast to the soothing lullaby a child at home might hear. Despite the visible signs of his distress, passersby choose to ignore him, looking away to avoid confronting his plight. The poem forebodes a grim future for the boy, suggesting he may eventually succumb to his addictions.

Poem

He lay flat,
face deep into green grass,
the huge jacket covered his head,
the heat onto his ears;
he is dirty,
the dirt screams from his flesh
like a rotten smell.
He is pinned down by the throbbing
footsteps passing by,
lullaby is the hiss of the water from the pond
and the roaring steel river;
and the eyes of adults passing by
dart around like bubbles of boiling water.
This small boy will die one day,
his lips stuck together,
glued by the glue he smokes.

The Temple Sleep of the Rich Young Ruler Edward Reaugh Smith, 2011-11 Who wrote the Gospel of John The author identifies himself only as the disciple whom Jesus loved and Christian tradition tells us that this disciple was the apostle John However during the past century scholars have increasingly come to doubt that attribution In 1902 Rudolf Steiner wrote that the author of the Gospel of John was in fact Lazarus Steiner's position stemmed from his insight that Lazarus's encounter with death involved far more than people realized an initiation into higher spiritual realities that uniquely qualified him to write this gospel Edward Smith takes up this argument and shows that subsequent research has tended to favor Lazarus for reasons grounded in John's Gospel itself More important Smith shows that subsequent discoveries at Nag Hammadi and Mar Saba corroborate Steiner's reasoning about the nature of the raising of Lazarus pointing to Lazarus as the rich young ruler of Mark's Gospel

Work, Sleep, Repeat Felix Stein, 2020-07-12 Work Sleep Repeat is a fascinating account of the work regime of German management consultants Examining one of the most sought after and secretive graduate professions the book provides a first hand account of the boardroom culture of Europe's strongest economy Analyzing how knowledge and power operate in this sector Felix Stein explores a number of paradoxes For example while it is the job of management consultants to analyse the activities of other employees they actually spend most of their time in luxurious seclusion away from them In addition despite having a strong sense of the importance of their work consultants often find it difficult to explain to outsiders what it is they do The book addresses these and other paradoxes by arguing that consultants are engaged in abstract labour Anthropologists have long struggled with the question of how to describe contemporary work regimes which do not produce anything tangible Stein demonstrates that elite work is predominantly abstract in the fourfold sense that it is epistemically removed from the object of analysis emotionally detached from it several steps away from the assumed sources of economic value creation and increasingly hard to grasp In doing so he offers new ways to think about white collar work and elites in the 21st century and establishes the notion of abstract labour as a key category in social anthropology
