## **Common Core Ela Vertical Alignment:**

**Teaching with the Common Core Standards for English Language Arts, Grades 3-5** Lesley Mandel Morrow, Karen K. Wixson, Timothy Shanahan, 2012-11-29 Nearly every state has independently adopted the Common Core State Standards CCSS making this practical guide an indispensable resource for grades 3-5 teachers and teachers in training. Leading authorities explain each of the English language arts ELA standards and vividly show how to implement them. The book is filled with grade-specific classroom vignettes, instructional strategies, and activities, sample lesson plans, and discussion questions. Chapters cover the major ELA strands: reading, literature, informational texts, and foundational skills; writing; speaking and listening; and language. Issues of assessment and technology integration are also explored. An appendix includes thematic units for each grade level demonstrating ways to embed CCSS ELA standards into content area instruction. See also *Teaching with the Common Core Standards for English Language Arts PreK-2* *Prioritizing the Common Core* Larry Ainsworth, 2013. The consensus among educators nationwide is that in-depth instruction paired with focused assessment of essential concepts and skills are far more effective than superficially covering every concept and skill in the standards. Educators are faced with the task of teaching all standards while meeting the extraordinary range of student learning needs. *Prioritizing the Common Core* offers common-sense solutions to the dilemmas teachers face today in implementing the new, more rigorous national standards. Chapters present a rationale for prioritizing the Common Core, a step-by-step process for prioritizing standards in language arts and mathematics, strategies for soliciting feedback and input from everyone in the district or school prior to the final determination of the Priority Standards, and detailed summaries of the process schools in six different districts used to identify their Priority Standards, with accompanying commentary by those who directed the work. [The Common Core Coaching Book](#) Laurie Elish-Piper, Susan K. L'Allier, 2014-04-10. This book provides essential coaching tools to support teachers in planning and implementing instruction aligned with the Common Core State Standards CCSS. The authors explain the key instructional shifts brought about by the CCSS in K-5 English language arts classrooms. Eighteen specific strategies for coaching large groups, small groups, and individual teachers are presented, including clear-cut procedures, vivid illustrative examples, and 28 reproducible forms. Grounded in research on adult learning, the book addresses common coaching challenges and how to overcome them. The large-size format facilitates photocopying; purchasers also get access to a Web page where they can download and print the reproducible materials. [Making the Common Core Writing Standards Accessible Through Universal Design for Learning](#) Sally A. Spencer, 2015-03-17. Unlock hidden writing skills in all learners through UDL. The Common Core State Standards CCSS for writing are promising but are challenging to implement, especially for struggling students. Sally A. Spencer demonstrates the promise of Universal Design for Learning UDL as a framework for making the CCSS writing and language standards accessible to all kids. Educators who utilize these strategies will know how to leverage the strengths of students to optimize writing instruction and overcome their weaknesses. The ways

UDL can minimize the roadblocks in CCSS implementation How to and how not to use technology to teach writing and language conventions
